Total Cost \$45 x # of  
barrels: \_\_\_\_\_

For office use only:

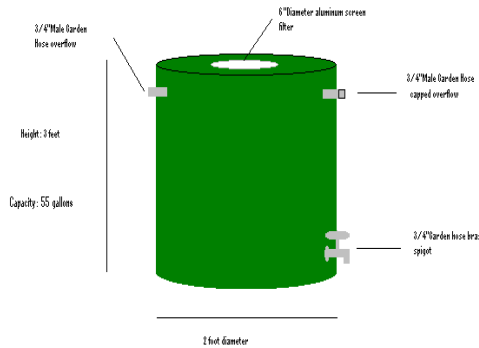

Date Reviewed

Address Confirmed

Plastic 55 gallon rainbarrels will be offered to residents within the boundaries of the Vadnais Lake Area Water Management Organization (see map). The barrels will be offered at the reduced price of \$45.

This program, in conjunction with the Green Institute's Maplewood ReUse Center, will be on a first come first serve basis, from a limited supply so place your order early.

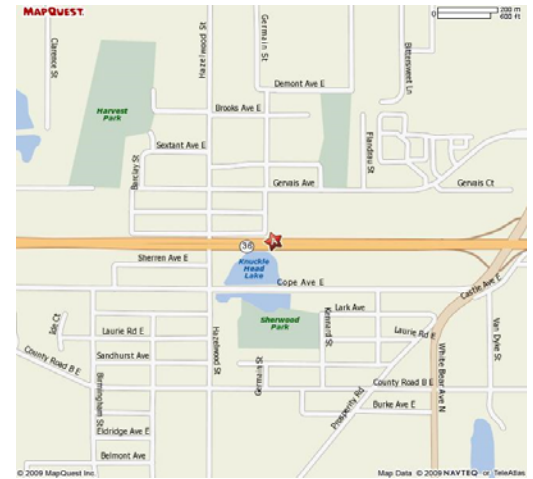

The rainbarrels come in blue and black and can be painted to match your house. Both have a 3/4" male garden hose over flow and a 3/4" male garden hose spigot. The barrels accept water through a screen on the top of the barrel

To order a rainbarrel, fill out the form and send it with a check to VLAWMO's office. Please remember, this offer is limited to residents within the boundaries of the VLAWMO watershed, and addresses will be confirmed. Also, as there is a limited quantity of rainbarrels an announcement will appear on VLAWMO's website when we have sold out. If you have any questions please call VLAWMO's office: (651-204-6070)

When your order is confirmed a receipt will be sent. Bring the **receipt** and a **valid ID** to the Maplewood ReUse center (1727 E Hwy 36; Maplewood, MN 55109). **(Mon-Sat 9AM-7PM; Sun 11AM-5PM)**

**Maplewood ReUse Center**

(1/2 mile West on Gervais off White Bear Ave)
