

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Board of Directors and Management
Vadnais Lake Area Water Management Organization
Vadnais Heights, Minnesota

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the statement of balances arising from cash transactions of the General Fund of Vadnais Lake Area Water Management Organization (VLAWMO), as of and for the year ended December 31, 2025, and the related statement of cash receipts, disbursements and changes in cash fund balances of the General Fund and the related notes to the financial statements, which collectively comprise VLAWMO's regulatory financial statements, and have issued our report thereon dated March 31, 2026. We expressed an adverse opinion on U.S. generally accepted accounting principles because the financial statements are prepared on a basis of accounting that demonstrates compliance with the regulatory basis of accounting prescribed or permitted by the Minnesota Office of the State Auditor, which practices differ from accounting principles generally accepted in the United States of America. However, our opinion was unmodified on the financial statements presented under this regulatory basis.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered VLAWMO's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of VLAWMO's internal control. Accordingly, we do not express an opinion on the effectiveness of VLAWMO's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified.

We identified certain deficiencies in internal control, described in the accompanying schedule of findings and recommendations as item 2025 – 001 that we consider to be material weaknesses.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether VLAWMO’s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

VLAWMO’s Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on the VLAWMO’s response to the finding identified in our audit and described in the accompanying schedule of findings and recommendations. VLAWMO’s response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity’s internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity’s internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**VADNAIS LAKE WATER MANAGEMENT ORGANIZATION
SCHEDULE OF FINDINGS AND RECOMMENDATIONS
YEAR ENDED DECEMBER 31, 2025**

Financial Statement Findings

2025 - 001

Type of Finding:

- Material Weakness in Internal Control over Financial Reporting

Condition: The Organization's personnel have not monitored recent accounting developments to the extent necessary to enable them to prepare the Organization's financial statements and related disclosures, to provide a high level of assurance that potential omissions or other errors that are material would be identified and corrected on a timely basis.

Criteria or Specific Requirement: The board of directors and management share the ultimate responsibility for the Organization's internal control system. While it is acceptable to outsource various accounting functions, the responsibility for internal control cannot be outsourced.

Effect: If the financial statements are not properly monitored, the financial statements on a monthly basis may not be consistent with the annual financial statements.

Cause: The Organization engages CliftonLarsonAllen LLP (CLA) to assist in preparing its financial statements and accompanying disclosures. However, as independent auditors, CLA cannot be considered part of the Organization's internal control system. As part of its internal control over the preparation of its financial statements, including disclosures, the Organization has implemented a comprehensive review procedure to ensure that the financial statements, including disclosures, are complete and accurate. Such review procedures should be performed by an individual possessing a thorough understanding of accounting principles generally accepted in the United States of America and knowledge of the Organization's activities and operations.

Repeat Finding: Yes

Recommendation: The outsourcing of this service is not unusual in organizations of your size and is a result of management's cost benefit decision to use our accounting expertise rather than to incur internal resource costs.

Views of Responsible Officials and Planned Corrective Actions: Agree with finding.
