# You can improve the health of our water

You don't have to be an expert. We'll show you the way!

**Minnesota Water Stewards work within their communities as knowledgeable resources around local water health:**

## **Educating Communities**

Help neighbors understand the most pressing environmental problems in their area.

## **Reducing Pollutants & Conserving Water**

Raise awareness of pollution sources such as pet waste, fertilizer, or pesticides and work to reduce their impact.

## **Coordinating Action**

Organize and help coordinate projects within communities to protect and conserve water.

**Apply Today!**
