Details

This **FREE** four-hour workshop is for anyone who wants to learn how to catch and identify dragonflies. It's a fun, easy way for families to learn more about the wildlife in their backyards. Plus, take advantage of unique opportunities to volunteer during local dragonfly surveys throughout the summer.

The workshop includes:

- Dragonfly and damselfly natural history
- Techniques for dragonfly and damselfly ID
- Outdoor hands-on field time capturing and examining as many Odonata (dragonflies and damselflies) as we can catch
- Light refreshments and materials provided
