

WATER MATTERS: ROAD SALT ([link](#)); 6:15 PM

Brooke Asleson, MPCA – New programs, status of efforts, resources for local government

BOARD OF DIRECTORS MEETING AGENDA

7:00 PM October 23, 2019

Vadnais Heights City Hall, Council Chambers; 800 County Road E, East, Vadnais Heights

- I. Call to Order**, Chair, Jim Lindner
- II. Approval of Agenda**
- III. Visitors and Presentations**
 - A. TEC Report and Financial – October – Paul Duxbury/Stephanie
- IV. Consent Agenda** 🐦
 - A. Approval of Minutes August 28, 2019
 - B. Project update reports
- V. Business**
 - A. Administration
 - 1. EAW: Public Hearing and determination consideration, Res. 5 -2019 – Stephanie 🐦
 - 2. Approval of storm sewer utility certification lists for 2020, Res. 6 - 2019 – Stephanie 🐦
 - 3. MPCA/Minnesota CWP Revenue Bond, Res. 7-2019 – Authorization– Dawn 🐦
 - B. Goose Lake
 - 1. Board review and recommendation regarding alum treatment and boating restrictions – Dawn/Stephanie
 - C. Wetlands
 - 1. Vadnais-Sucker Park RFP – Brian 🐦
 - 2. MN DNR CPL grant proposal for 4th and Otter Lake Road reseeding – Dawn 🐦
 - 3. Otter live trapping and telemetry equipment request – Dawn 🐦
- VI. Discussion**
- VII. Administration Communication** –MAWD – ; North Oaks local plan: [VLAWMO celebration](#) – Nov. 14
- XI. Adjourn**

Next regular meeting: December 11th **6:15 PM WATER MATTERS** Presentation: State Climatology

TEC Report to the Board
October 2019

Programs & Projects	Effort Level	Completion Date	Comments
	LOW		
	MED		
	HIGH		
Projects			
Oak Knoll Pond		2019	Barr is awaiting approval of their workplan for spent lime application and monitoring, and asking for an extension on their grant. Spent lime treatment is likely to be delayed until spring 2020.
Goose Lk subshed project		2017-2020	Staff collected missing pond bathymetry data for the Goose subwatershed and submitted to Barr. Barr is finalizing the H&H and P8 modeling and whittling down the recommended BMP list from 12 possible projects.
Lambert Creek - Ditch 14, branches		2019	Staff working with S.E.H. on Lambert Lake project costs. Replacement of the sheet pile in the pond and design of the meander and treatment cells are the focus.
Birch Lake		2017-20	Results of the first round of bidding were rejected and a new project schedule has been set.
Vadnais Sucker Park		2018-20	Grant through Great River Greening for AIS removal and habitat restoration in select areas of Vadnais Sucker park is moving forward to LCCMR. RFP's for wetland assessment work are in and under review
Whitaker Wetlands		2019	Monitoring & pathogen sampling is complete, working on reports
Programs			
Outreach		June-Sept	Goose Lake Lake Care Weekend in partnership with WB Schools and WB Public works, Oct 18-20. Mail-out to Goose Lake subwatershed to promote adopt-a-drain. Turf Talk completed Sept 25th at White Bear City Hall, video presentation posted website and youtube page.
Education		July-Sept	Programming with Central Middle School Bio-swale, WB School district curriculum planning for inclusion of watershed activities. Creation of groundwater activity for classes. Guide created for watershed acronyms, posted on "about" > "water plan". Water Matters talk: October Board meeting 6:15 pm
Website		July-Dec	Fall E-newsletter sent out at the Beginning of October, new news articles posted including a summary on blue-green algae.
WAV		June-July	LeafPack macroinvertebrate volunteers (5) supporting EnviroDIY monitoring at flumes on Lambert Creek. Nov 6th CAC meeting. November 14th Watershed Celebration/volunteer banquet.
Cost Share		ongoing	LL1 grants continue to be closed out, and several are still in the works and incoming. LL1 budget is 56% used and LL2 has 40% remaining.
GIS		ongoing	Processing of Goose pond bathymetry and miscellaneous projects.
Monitoring		ongoing	Season has ended, working on reports/data analysis
WCA		ongoing	Season continues, reviews in progress

TEC Report to the Board
October 2019

Admin & Operation			
SLMPs		2019	Surveys by RSWCD are in process W. Vadnais, Birch and Goose Lakes. Reports on W. Vadnais & Goose received.
Budget		June 2019	The 2020 budget was approved at the June Board. The 7% increase should address the anticipated Lambert Lk bond among other expenses. It will be used to set the 2020 SSU rate.
Administration		Sept. 2018	The first JPA Amendment allowing us to purchase insurance through the League of MN Cities has been ratified and the policy requested. The 2nd JPA Amendment allowing the revenue bond is in process.
SSU		ongoing	2020 budget will define the SSU rates to be approved at the August Board meeting.
Water Plan		ongoing	The Water Plan Amendment was adopted by the Board. The last two Local Water Plans from North Oaks and White Bear Lake are remaining for approval

MINUTES OF THE BOARD OF DIRECTORS
 August 28, 2019

Attendance		Present	Absent
Jim Lindner, Chair	City of Gem Lake	X	
Dan Jones	City of White Bear Lake	X	
Rob Rafferty, Secretary-Treasurer	City of Lino Lakes	X	
Ed Prudhon	White Bear Township	X	
Marty Long, Vice Chair	City of North Oaks	X	
Patricia Youker	City of Vadnais Heights	X	
Stephanie McNamara	Administrator	X	
Brian Corcoran	Water Resources Mgr.	X	
Dawn Tanner	Program Development Coord.	X	
Nick Voss	Education & Outreach Coord.	X	
Tyler Thompson	GIS Watershed Tech.	X	

Others in attendance: Paul Duxbury (VLAWMO TEC commissioner & rep.)

I. Call to Order

The meeting was called to order at 7:01 pm by Chair Lindner.

II. Approval of Agenda

The agenda for the meeting was presented with no changes proposed.

A motion was made by Rafferty and seconded by Jones to approve the meeting agenda as presented. Vote: all aye. Motion passed.

III. Visitors and Presentations

A. TEC Report to the Board, August 2019 Finance Report, and TEC Appointments

Duxbury presented the TECs' operations and recommendations to the Board from their August meeting. McNamara presented the August Finance Report.

IV. Consent Agenda

A. Approval of Minutes

The minutes from the June 26th, 2019 Board meeting are placed on the consent agenda for approval.

A motion was made by Jones and seconded by Prudhon to approve the June 26, 2019 meeting minutes, as presented. Vote: all aye. Motion passed.

V. Business

A. Administration

1. Approval of storm sewer utility rates for 2020

The 2020 storm sewer utility rates are based on the budget approved at the June 2019 Board meeting, and reflect an increased budget of 7.69% over 2019. The proposed 2020 rates are \$50.40 per unit or \$72.96/acre, depending on land use type. VLAWMO is no longer drawing from its reserves to fund programs, CIPs, and maintenance. The rates include a 0.5% buffer to account for parcel changes, manual overrides, and delinquent payments. **Staff is recommending approval of Resolution 03-2019, setting the storm sewer utility rates for 2020.**

A motion was made by Jones and seconded by Youker for approval of the 2020 VLAWMO storm sewer utility rates. Vote: all aye. Motion passed.

2. Joint Powers Agreement

The second amendment to the VLAWMO JPA was distributed to all 6 member JPA municipalities following the June Board meeting, and all 6 members have authorized and signed the amended JPA. Following this execution, the VLAWMO attorney is proceeding in building a revenue bond note to secure the MPCA loan for the Lambert Lake project.

3. MPCA/Minnesota CWP Loan Agreement

The maintenance portion of the Lambert Lake project, determining the necessary depth of replacement sheetpile, and determining of dredging is nearly complete. Maximum sheetpile depth has been determined at 32 feet, and dredging has been deemed unnecessary, as current pond storage remains greater than original designed volume. To enable release of funds and enter into the loan agreement, the Board must approve and authorize the Chair to sign the Loan Agreement. The loan amount will also increase from \$400,000 to \$500,000. **Staff recommends the Board approve the Minnesota CWP Loan Agreement and authorize the Board Chair to sign the Agreement.**

A motion was made by Youker and seconded by Jones for approval of the Minnesota CWP Loan Agreement and authorize Chair Lindner to sign the Agreement for loan acceptance.

Vote: all aye. Motion passed.

B. Goose Lake

1. Request to conduct follow-up fish survey

After a bullhead removal in 2013 & 2014, the bullhead population in East Goose Lake was reduced by 75%. A fish survey in fall 2017 confirmed that the reduced population had been sustained in East Goose. Staff is requesting a follow-up survey be authorized by the Board to provide supporting assurance that the bullhead population is remaining reduced for favorable conditions for an alum treatment. **Staff requests authorization to hire Blue Water Science to conduct a fish survey on East Goose Lake either in fall 2019 or spring 2020 for the cost of \$3,600.**

Discussion: Jones asked whether it would be worth it to test fish tissue for contaminants and toxicology. Rafferty and Prudhon supported this. Long questioned what the use of testing would be of use for. Jones proposed possible implementation of warnings and signage around the lake if toxicology results are positive.

A motion was made by Jones and seconded by Rafferty to hire Blue Water Science to conduct a fish survey in East Goose Lake for fall of 2019 or spring 2020, with the friendly amendment of adding toxicity testing for any applicable fish. Vote: all aye. Motion passed.

2. Formal recommendation to the City of White Bear Lake

Staff has prepared a formal document for recommendation of boating restrictions for implementation on East Goose Lake if an alum treatment is applied, as requested by City of White Bear Lake staff. If applied, boating restrictions may help protect and preserve the effects of an alum treatment for greater longevity and investment protection. To enforce these restrictions, the City would need to impose a formal ordinance with specific guidelines. **Staff requests that the Board discuss, accept or revise, and authorize providing a formal recommendation to the City of White Bear Lake specifying allowable activity on the lake following an alum treatment.**

Discussion: Board members discussed that if VLAWMO is spending the money for improving the Lake, a restriction would likely increase a treatments' effectiveness and longevity. It was discussed having a no-wake zone versus no motorized boating, and no-wake was agreed to be too difficult to enforce.

A motion was made by Rafferty and seconded by Jones to authorize staff to submit the formal recommendation for a boating ordinance on East Goose Lake to the City of White Bear Lake for their consideration. Vote: all aye. Motion passed.

C. Wetlands

1. Vadnais-Sucker Park RFP

This will be the first phase in multi-year project to conduct a level 2 wetland delineation and MNRAM assessment on VLAWMO wetlands within the watershed for a comparison of condition to the original VLAWMO wetland inventory. Proposals for Phase I will be available for consideration at the October Board meeting, as RFPs have been released.

2. Wetland monitoring cameras and amphibians

Tanner overviewed results from the series of amphibian and remote camera monitoring that was conducted this spring and summer. 8 different species were detected, and data layers and final reports will be compiled this fall and made available on VLAWMO's website. Results from these surveys will help inform and identify suitable wetland areas for restoration. Data and information will be compiled during the fall and winter.

3. Wetland health and compiling data layers

Tanner obtained a license from the DNR for species of concern within VLAWMO, and will be used for staff management and conservation efforts. Staff is authorized to use the data for 2 years and may not publish or distribute the data.

4. Yellow iris removal permit request

Staff surveyed and mapped invasive Yellow iris lotions on Deep Lake. MN DNR is supportive of our efforts to identify Yellow iris and work to remove this species. The TEC also recommends having VLAWMO pursue a removal permit to the Board. We would conduct Yellow iris removal with either a small group of interns or a team of volunteers, continuing to partner with NOHOA. **Staff and TEC recommend that the Board support VLAWMO applying for a removal permit for Yellow iris and pursuing removal in partnership with North Oaks during 2020.**

A motion was made by Rafferty and seconded by Jones to authorize staff to apply for a MN DNR permit for Yellow iris removal in partnership with North Oaks Homeowners Association in 2020. Vote: all aye. Motion passed.

5. Flowering rush update

Flowering rush is an AIS reported on Amelia Lake previously. Reports are quite old but were confirmed by USGS and MN DNR. Staff surveyed Amelia for Flowering rush. None was detected. CWMA advises us to resurvey next year during June or July to determine if the report was inaccurate or if Flowering rush is no longer present.

6. Proposed otter project

Tanner presented a proposed project partnering with the University of Minnesota, MN DNR, MN Zoo, and others to conduct live trapping and telemetry activities to learn more about critical wetland habitat areas. **Staff and TEC recommend that the Board support the otter live trapping and telemetry project partnering with University of Minnesota veterinarians, FWCB students, MN DNR, the MN Zoo, and others to study otter habitat and health in the watershed. This project includes possible funding (small grants) in partnership with the MN Zoo and others.**

A motion was made by Rafferty and seconded by Jones to support the proposed otter project and partnerships. Vote: all aye. Motion passed.

D. Birch Lake Contractor for 4th & Otter project bid consideration

The 4th & Otter iron enhanced sand filter project plans were finalized and the project was put out for bid mid-August. Grant funding for project construction is \$97,000 and the lowest acceptable bid came in at nearly \$139,000. It is not in VLAWMO's budget to accept the bid and pay the difference in funding. In their memo regarding bids, Barr Engineering recommends rejecting all bids from this first round and resubmitting the project for bid in winter 2020 for a contractor selection at the February 26, 2020 Board meeting for a spring construction. **Following Barr's recommendation, staff recommends rejecting all bids and resubmitting the project for bid in early winter 2020.**

A motion was made by Rafferty and seconded by Youker to reject all 5 of the received bids for the Birch Lake Iron Enhanced Sand Filter and to resubmit for bids in the early winter with contractor selection at the February Board meeting. Vote: all aye. Motion passed.

E. Education

1. Road Salt Symposium sponsorship

The annual road salt symposium is being held at Jimmy's Event Center in Vadnais Heights this year, and staff supports a sponsorship of \$2,500 to support the event using funds from the Education & Outreach: MS4 engagement line item budget.

A motion was made by Prudhon and seconded by Youker to approve \$2,500.00 in funding to sponsor the Road Salt Symposium. Vote: all aye. Motion passed.

2. Community Blue: Creative Landscaping update

VLAWMO Master Water Stewards hosted a public tour on August 24th, and their landscape project has been completed and finalized. Future guidelines for cost provisions pertaining to Master Water Steward projects are being sent to the Policy & Personnel Committee.

3. Water Matters: October

Brooke Asleson will be the speaker at the October Water Matters to cover the latest efforts on chloride reduction and how local municipalities can be aware and support the metro-wide effort to reduce chloride use. The presentation will take place on October 23rd before the Board meeting at 6:15 pm.

F. Cost Share Program

1. Landscape Level 2 – Matuzak on Koehler, VH

Staff received an application for a Landscape Level 2 grant this month for a project staff has been working with the homeowner and Outdoor Lab with since this spring. Most all Level 2 grants are in public places, but this project drains directly to Lambert Creek and is in the targeted priority Lambert Creek subwatershed. The project would directly reduce nutrient loading and volume that exits to the Creek. The homeowner has agreed to make the project available for educational purposes, tours, and events. The total project cost is \$15,930.75, and if approved, grant funding would cover 75% of the project total, with the remaining \$4,002.75 being paid by the homeowner as a 25% match. **The TEC recommended the project for funding at their August meeting, and staff is recommending approval of the application and the project for funding in the amount of \$11,928.00, with the \$4,002.75 match from the homeowner.**

A motion was made by Rafferty and seconded by Jones to authorize the funding of LL2 2019-01 in the amount of \$11,928.00. Vote: all aye. Motion passed.

2. Boat Works shoreline restoration, West Goose

McNamara presented the issue of shoreline erosion at the White Bear Boat Works property on West Goose Lake. They feel excessive wave action has caused their shoreline to erode even further since rip rap had been placed there several years ago. The vegetation is also mowed right up to the shore. This could either be a place for a VLAWMO Level 2 cost share grant or using VLAWMO CIP funds. Design has yet to be completed for the site, so cost is

currently unknown. Staff is asking the Board to discuss how to pursue the issue, either as a cost share grant partner, or with CIP funds.

Discussion: Board directed staff to look into possible shoreline restoration projects to armor the shore to halt further land and soil loss on the southwest shoreline of West Goose Lake.

VI. Operations and Administration – Reports

A. Project Updates

1. Remaining lake survey updates

RSWCD has one remaining survey to complete for 2019- a macrophyte survey on Birch Lake. The timing of this survey will replicate what’s been done in the past to catalogue and quantify aquatic species in the Lake. All other surveys have been completed for 2019 with Reports provided to VLAWMO. These Reports will be available to viewing on VLAWMO’s website.

2. Great River Greening proposal progress with LCCMR

The GRG grant has a recommended funding amount of \$750,000, though it is uncertain how much of this funding will be applied to VLAWMO’s portion of the restoration for the Sucker-Vadnais Park area. GRG will keep staff informed as the funding package moves forward and as they receive more information.

3. North Oaks chain of lakes carp survey and presentation in NO

Three days of electroshocking have been completed on Pleasant Lake, as part of the survey. 100 carp tagged was the goal for the survey, however, after 3 days of electroshocking, the number fell short of this goal. **To reach 100 fish tagged and tracked, staff is recommending additional funding to complete one more round of surveying.** Carp solutions will be presenting the project on November 6th at the North Oaks Community Room, slated to start at 6:30 pm.

A motion was made by Jones and seconded by Youker to approve up to \$2,000 for a final carp survey run.

VIII. Discussion

None.

IX. Administration Communication

1. West Vadnais EAW

Though the Ramsey Washington Metro Watershed District (RWMWD) has opted not to pursue a boundary change to include West Vadnais Lake in their watershed, the Environmental Assessment Worksheet (EAW) to lower the Lake’s OHW by 0.8 feet is still proceeding. The EAW will be published in the EQB Monitor the week of September 9th for public commenting. After the 30 days of commenting, the VLAWMO Board must act on the EAW, providing either a negative or positive declaration. If the Board decides that lowering the OHW will not have a significant impact on the Lake or surrounding wetlands, and that a larger Environmental Impact Statement (EIS) is unnecessary, a negative declaration may be passed. This decision may also be put on hold as project design details are developed. However, RWMWD would appreciate a ‘concept’ approval of the project. The RWMWD has funding budgeted for this project in 2020.

2. MN Association of Watershed Districts (MAWD)

Annual membership dues for Water Management Organizations (WMOs) will remain at \$500, and allows for statewide communication for watersheds and as a public voice. Training for Board members and staff on technical processes and policy areas is provided, and the annual conference and trade show will take place on December 5 – 7. There is also a Governance 101 training available on watershed structure and law on September 12th & 13th. Any interested Board members are encouraged to attend, and as of now, 2 staff and 1 Board member have expressed interest in attending.

X. Adjourn

A motion was made by Rafferty and seconded by Jones to adjourn at 8:59 pm. Vote: all aye. Motion passed.
Minutes compiled and submitted by Tyler Thompson.

Project Update Reports – October 23, 2019 Board Meeting

1. Goose Lake Fish Survey, Fish Tissue Analysis:

Goose fish survey was complete the week of September 19th by staff and Blue Water Science. 4 trap nets were set on East Goose and 2 trap nets on West Goose. Net catches were drastically different than the 2017 survey. 2017 had an abundance of sunfish, perch, crappie and some larger bass with very few bullhead. 2019 survey had an abundance of bullhead (3-5inch) at a rate of 400-800+ per net with few sunfish and crappie. No bass were sampled in 2019. Results indicate a partial fish kill at some point over the last two years. Bullhead management will need to be addressed. Some options are harvesting, stocking predator fish (bass) and aeration to reduce fish kills. The fish survey report should be ready within the next few months and management recommendations will be addressed in the report.

A few fish were collected during the survey and are currently frozen for possible tissue analysis. The VLAWMO (Vadnais Lake Area Water Management Organization) Board recommended staff consider having some fish tested for toxins due to the history of the lake and the high nutrient levels. Mercury, PCB, Pesticides and RCRA metals would be recommended toxins to test for. Test range from \$35-\$175 per test. Staff recommends holding off on toxin testing at this point. Fish sampled in the nets were young 1-3yr old fish and most likely have not accumulated much in their tissues. It is recommended that a fish management plan be put in place first and if predator fish (example bass) are stocked in the lake as part of that management plan tissue test can be done in the future on those fish as they get older and have time to accumulate possible toxins in their tissues.

2. Birch Lake – 4th & Otter Iron-Enhance Sand Filter Project Schedule Update:

A new schedule for the project had been set and affirmed with Barr Engineering for the ability to begin construction of the IESF (iron-enhanced sand filter) at 4th & Otter in spring 2020. Please find the new schedule below:

- **November 21, 2019:** updated project specs and bid documents completed and delivered to VLAWMO
- **December 11, 2019:** VLAWMO Board meeting; staff will ask Board for official approval and motion to resubmit for 2nd round of project bidding
- **January 6, 2020:** Second round of bidding released and posted
- **January 30, 2020:** closing of bidding and sealed bids opening at the Vadnais Heights City Hall at 10:00 am
- **February 5, 2020:** Barr's Technical Memo and recommendations on bid selection to VLAWMO staff
- **February 14, 2020:** VLAWMO TEC meeting; staffs' recommendation for contractor selection reviewed and official recommendation from the TEC to the VLAWMO Board at their February meeting
- **February 26, 2020:** VLAWMO Board meeting; Board reviews and authorizes contractor selection for construction

3. 319 Grant Notification:

VLAWMO was selected as a priority watershed working with MPCA and EPA. VLAWMO will be part of the cohort of 10 small watersheds selected as priority and working closely with MPCA for funding on 4-year intervals for a total of 16 years beginning in 2021. This is exciting news for us and will allow us to accomplish a lot over the course of 16 years with agency guidance and partnership. We appreciate the involvement of all of our partners in the review and selection process. We look forward to continuing and expanding upon these partnerships to accomplish new projects over the coming years.

The first step of the formal process will be working closely with MPCA to establish a nine-element plan for the watershed. We completed a nine-element plan for the Lambert Lake project in 2019. In previous iterations of 319 funding, these plans were completed on a project-by-project basis because it is a requirement for EPA that was not adopted for the State of MN. In the new version of 319 funding, the nine-element plan will be completed at the start for all priority watersheds and used for the application/funding process. We look forward to starting work on this with MPCA in Feb., 2020.

4. Water Resources Conference and paper presented:

The Water Resources Conference was held at River Centre in St. Paul, Oct. 15-16. VLAWMO presented results of lead poisoning and Trumpeter swan deaths at Sucker Channel during winter 2018-2019. Staff are working with a local Girl Scout Troop #56087 to continue communicating about the issue of lead poisoning and wildlife. The Girl Scout Troop helped present the poster during the poster reception at the conference. The session was well attended and included a visit by Chuck Wiger (DFL-District 43) and Peter Fischer (DFL-43A). Both representatives are interested in learning more about the issue.

5. Invasive species/site restoration efforts and UMN Service-Learning students

VLAWMO is working on restoration of 2 sites in the watershed, both focused on water-quality and habitat improvement. The first site is located at 4th St. and Otter Lake Road on the parcel recently acquired by the City of White Bear Lake that will be adjacent to the iron-enhanced sand filter. The second is at City Hall in Vadnais Heights at a wooded wetland and site of species of conservation concern (Tuberclad rein orchid and Red-shouldered hawk).

Staff have been working with MN DNR to update records and include current species distribution information for species of conservation concern.

Staff have been leading workdays to remove invasive buckthorn that had colonized that wetland areas and could impair optimal function of the iron-enhanced sand filter (by clogging the filter with woody debris and leaves).

At 4th and Otter, staff are removing young seedlings and mature buckthorn trees, reseeded an area of 500 square feet, and have prepared a proposal for funding to MN DNR working with the City of White Bear Lake to reseed the full area. Staff will be working with the City to continue maintaining the site and supplementing plantings. The City Public Works agreed to haul away the large piles of buckthorn. Residents were alerted and invite to participate through a direct-mailing to people living in the immediate vicinity of the restoration project area.

At City Hall, staff cleared a small area to establish and access location into the thick and established buckthorn area. They are focusing on removing large, mature buckthorn trees, especially females with berries. Berries are removed, bagged, and thrown away (not composted). Vadnais Heights Public Works is chipping the trees onsite and removing debris as it piles up near the County composting containers.

Three service-learning students from the UMN are working on these and other projects. Students are putting in 24 hours each during fall semester as part of their Ethics in Natural Resources course. Additional students have contacted VLAWMO through the class and will be pursuing summer internships to continue restoration work.

The Vadnais Heights fire department is working with staff to conduct a burn of prairie-seeded areas. Large amounts of plant material has built up over years. To improve habitat quality, especially for pollinators including the Rusty-patched bumble bee, prairies need to be burned. Otherwise, aggressive species and especially dominant grasses take over and reduce the value of that habitat. Staff will interseed to improve species diversity following the burn.

6. LCCMR/Great River Greening grant update:

This project continues to move forward with expected work to begin next fall (2020). The suite of projects with Great River Greening (GRG) was accepted by the legislature. The contract will not be signed until summer (2020), so we won't have final news until then. The total area was reduced for our project from 40 acres to 20 acres at a value of ~\$60,000. GRG reduced the size of our project to meet the request of the legislature for overall package costs. GRG would like to work with us over a number of years and continue to expand this restoration, so they thought it made sense to reduce the size in the first year in favor of a long-term plan where we can add more area over time.

7. Yellow iris removal permit approved:

We have an approved removal permit in place to conduct Yellow-iris removal in Deep Lake during summer (2020) and will work with NOHOA to incorporate volunteers in this AIS-removal effort. Yellow iris can be effectively removed by hand-pulling. It does not require chemical treatment. Yellow iris is fairly abundant on Deep and Wilkinson Lakes. It is present on Pleasant and Charley. Staff surveyed and created a map of known location on Deep Lake to start the removal effort.

8. Blue-green algae discussion and test strip consideration:

Staff reported a blue-green algae on Pleasant Lake at Charley Channel during Sept. We received multiple reports from residents, and a dog became sick after swimming in the channel (the dog recovered). SPRWS shared their report on the blue-green algae state in East Vadnais that was done in August. A blue-green algae bloom is regularly reported on East Vadnais in Aug./Sept.

VLAWMO reported the bloom to MPCA. NOHOA alerted residents and recommended that people and pets stay out of the water. A blue-green algae bloom does not mean that a toxic bloom is occurring. Presence and timing of toxin production is difficult to predict. It is always wise to stay out of water that looks like it has an active blue-green algae bloom.

We researched and discussed with TEC ways we could respond to possible harmful algal blooms

(HABs) in the future. We could do HAB screens that would give us species composition of algae in blooms. It would not tell us if toxins are being produced. That test runs around \$100 per. We could also consider purchasing a set of test strips that would allow us to test for 2 prominent toxins that are produced by HABs (microcystin and anatoxin-a). These are the same test strips that are used by MPCA. We would get a quantity discount at 20 strips for each for a total cost of ~\$1,000. We propose sharing that cost and strips with NOHOA.

Staff and TEC decided that it seems most prudent at this time to post known locations where blue-green algae blooms are known to occur. The first location to address is Charley Channel because of recent reports and the dog that became sick. Blue-green algae blooms are also documented on Goose Lake and were recorded in the summer plant survey (2019) on Goose Lake. Because algae blooms can be sporadic and toxin production is not predictable even when a bloom is occurring, the group decided not to recommend purchasing testing strips. That recommendation was also supported by experts on harmful algal blooms at the Water Resources Conference. Toxins may not be produced one day and produced the next. Winds may disperse the algae bloom. Toxins may be produced when no visible algae bloom is detected. People and pets should stay out of the water if an algae bloom is suspected. VLAWMO will continue to alert residents when algae blooms are detected and use web and media outlets to provide information and promote awareness.

9. Lambert Lake/US Army Corps of Engineers/SEH progress update:

Staff and SEH met with USACE on Sept. 26 to determine permit needs, funding specifics, and timeframe required. SEH led the meeting and built the agenda. Staff provided reports in advance for review including results of sediment testing, resistivity survey, SEH recommendations and modeling regarding pond dredging. USACE provided guidance as to how to handle dredge material (it can be used onsite and does not need offsite disposal), abandoned channels (use natural landscaping and dredge material as much as possible; they do not need to be plugged), and how to progress in the permitting process. VLAWMO will handle WCA related issues; USACE will not. SEH is moving forward and starting to design the meander and has drafted a schedule to allow us to get to accepting bids by spring. VLAWMO will continue working on the range of permits that will be needed as we have sufficient information available.

SEH schedule:

60% Plans	End of October
DNR Meeting	Early November
90% Plans	End of November
Pre-USACE Application Submission	End of November
Final Plans	End of December
DNR Permit Application Submission	End of December
USACE Application Submission	Early January
Plans, Specs, Permits in hand (excluding USACE)	End of February
Open Bids	End of March
Recommend Award	End of March

10. Education and Outreach Activities:

- Master Water Stewards graduation ceremony complete

- VLAWMO to host 1 MWS funded by Met Council pilot program in 2019/2020 program year. This pilot program is a combination of Master Water Stewards and citizen advocacy (irrigation, lawn care, pet waste, and other behavioral and cultural practices). This will grow our Master Water Steward group to 3 trained volunteers.
- LeafPAck macroinvertebrate monitoring: 4 volunteers trained for Lambert Creek EnviroDIY flume sampling and data collection.
- North Oaks Company special presentation at North Oaks Golf Club
- Newspaper publishing: Neighborhood spotlights (North Oaks News, VH Press), Faces of Wetlands education article (North Oaks News)
- AFSA High School visit Oct 15th
- Lake Care Weekend completed in partnership with WB Public Works, targeting Goose Lake stormdrain clean-up
- Adopt-a-Drain: 68 drain adoptions in our watershed!
- Adopt-a-Raingarden: One volunteer active in Fox Meadow raingarden maintenance, two at Gem Lake Heritage Hall, two VH city staff assisting with VH/Fire dept raingarden, Peace United Methodist active in replanting and weeding at Chippewa Middle School, Student Council active in winter maintenance for Central Middle School
- End-of-Year evaluation survey for the public now live. Three volunteers assisting with dispersal and outreach.
- Neighborhood raingarden and native plant tour completed at the end of August, 15+ participants
- Raingardens 101 class: 3 public participants (sept 5)
- Turf Talk part 2: 16 participates, WB City Hall. Guest speaker from U of M (sept 25)
- November 6th CAC meeting
- Nov 10th Community Blue congregation summary and celebration event
- Nov 14th Volunteer celebration

To: Board of Directors
From: Stephanie McNamara, Administrator
Date: October 18, 2019
Re: EAW for West Vadnais Lake outlet elevation change

The [EAW](#) (*link*) has been published and comments have been received, see attached comments. Two more pieces are coming Monday, a Summary of the Comments and Responses, and a brief Findings of Fact.

Toward the first, I have asked Barr Eng. who is under contract with Ramsey Washington Metro Watershed District to reply to some of the comments, particularly regarding the size of the disturbed area, the results of modeling and the early discovery information they have been collecting for a couple of years. They said they should be finished with my requests Monday and I will forward the Comments and Responses Summary. Some of the Findings of Fact also await the information from Barr. The EAW itself will be included by reference in the Findings of Fact so as to limit repetition of already published information.

As part of the meeting, VLAWMO is required to hold a Public Comment meeting to solicit any comments from the public that may be offered. Those will be added to the record of Comments and they will have responses as well. After the public comment period is closed the Board is asked to consider Resolution 05-2019, which considers whether or not a more all-encompassing EIS is needed or if the EAW with its appended information is sufficient.

Staff is recommending approval of Res. 05-2019 finding the EAW, it's appendices together with the supplemental Comments and responses summary and the Findings of Fact to be sufficient environmental review for the West Vadnais Outlet Project and No Environmental Impact Statement is needed. Further, it is recommended the record of decision of this negative determination be distributed and published as appropriate.

September 23, 2019

Stephanie McNamara, Administrator
Vadnais Lake Area Water Management Organization
800 County Road East
Vadnais Heights, MN 55127

Re: West Vadnais Lake Outlet Project, EAW

Ms. McNamara,

I appreciate being given the opportunity to comment on the above listed project. Our office recommends a qualified archaeologist conduct a survey of all areas where ground disturbing activities are proposed in an effort to determine if the project could damage unrecorded archaeological sites. Although no archaeological sites or site leads are currently recorded within the proposed project area, the project is located on the shore of West Vadnais Lake in an area that has a high potential to contain previously unrecorded archaeological sites.

The Minnesota Historical Society maintains a list of qualified archaeologists at:
<http://www.mnhs.org/preservation/directory>

Please contact me if you have any questions or concerns.

Sincerely,

Jennifer Tworzyanski
Assistant to the State Archaeologist
Fort Snelling History Center

Vadnais Heights, MN 55127

RE: EAW - West Vadnais Lake Outlet Project
T30 R22 S30, 31
Vadnais Heights, Ramsey County
SHPO Number: 2019-2518

Dear Ms. McNamara:

Thank you for the opportunity to comment on the above project. It is being reviewed pursuant to the responsibilities given the State Historic Preservation Office by the Minnesota Historic Sites Act and the Minnesota Field Archaeology Act.

Due to the nature and location of the proposed project, we recommend that a Phase I archaeological survey be completed for the area of proposed construction. The survey must meet the requirements of the Secretary of the Interior's Standards for Identification and Evaluation and should include an evaluation of National Register eligibility for any properties that are identified. For a list of consultants who have expressed an interest in undertaking such surveys, please visit the website preservationdirectory.mnhs.org, and select "Archaeologists" in the "Search by Specialties" box.

We will reconsider the need for survey if the project area can be documented as previously surveyed or disturbed. Any previous survey work must meet contemporary standards. **Note:** plowed areas and right-of-way are not automatically considered disturbed. Archaeological sites can remain intact beneath the plow zone and in undisturbed portions of the right-of-way.

Please note that this comment letter does not address the requirements of Section 106 of the National Historic Preservation Act of 1966 and 36 CFR § 800. If this project is considered for federal financial assistance, or requires a federal permit or license, then review and consultation with our office will need to be initiated by the lead federal agency. Be advised that comments and recommendations provided by our office for this state-level review may differ from findings and determinations made by the federal agency as part of review and consultation under Section 106.

If you have any questions regarding our review of this project, please contact our Environmental Review Program at (651) 201-3285.

Sincerely,

Sarah J. Beimers
Environmental Review Program Manager

Re: West Vadnais Lake Outlet Project Environmental Assessment Worksheet

Dear Stephanie McNamara:

Thank you for the opportunity to review and comment on the Environmental Assessment Worksheet (EAW) for the West Vadnais Lake Outlet project (Project) in the city of Vadnais Heights, Ramsey County, Minnesota. The Project consists of lowering the existing outlet to alleviate flooding in the surrounding area and providing additional in-lake water storage volume. Regarding matters for which the Minnesota Pollution Control Agency (MPCA) has regulatory responsibility or other interests, the MPCA staff has the following comments for your consideration.

Water Resources (Item 11)

- The EAW states the Project consists of 238.3 acres. However, the amount of land disturbance to occur above the Ordinary High Water Level (OHWL) is unclear. The National Pollutant Discharge Elimination System/State Disposal System (NPDES/SDS) General Construction Stormwater Permit (CSW Permit) is required for land disturbances of 1 acre or more above the OHWL.
- West Vadnais Lake also has a construction-related impairment. Therefore, if the Project will disturb 50 or more acres above the OHWL, the Stormwater Pollution Prevention Plan (SWPPP) will need to be submitted for review and approval by the MPCA, prior to obtaining CSW Permit coverage.
- Because the Project involves work near surface waters, redundant down gradient sediment controls will be required for disturbances within 50 feet of the existing buffers to these waters. Also, because of the water impairment, soils will require stabilization within 7 days of temporarily or permanently ceasing activity on any portion of the Project site.
- The Project involves lowering the lake outlet to provide more capacity to contain stormwater and prevent flooding of the existing development. Increased precipitation resulting from Minnesota's changing climate is likely to continue to get worse. Therefore, the city is encouraged to also consider implementation of volume reduction practices in the existing development by providing incentives for residents to install rain gardens, pervious pavements, water reuse, tree planting and [other green infrastructure practices](#) to reduce stormwater runoff, improve water quality of the lake and also avoid impacts to downstream receiving waters and residents. Questions regarding CSW Permit requirements should be directed to Roberta Getman at 507-206-2629 or Roberta.Getman@state.mn.us.

Noise (Item 17)

The MPCA agrees that no long-term impacts to noise in the area will be caused by the completion of the Project, but has some recommendations for construction. The MPCA recommends that all construction equipment be muffled, as appropriate, and that construction take place during the daytime hours (7:00 am to 10:00 pm), as practicable, during which time the state's noise standards are less strict. Following these recommendations can help maintain lower noise levels during project development. For noise related questions, please contact Fawkes Steinwand at 651-757-2327 or Fawkes.Steinwand@state.mn.us.

We appreciate the opportunity to review this Project. Please provide your specific responses to our comments and notice of decision on the need for an Environmental Impact Statement. Please be aware that this letter does not constitute approval by the MPCA of any or all elements of the Project for the purpose of pending or future permit action(s) by the MPCA. Ultimately, it is the responsibility of the Project proposer to secure any required permits and to comply with any requisite permit conditions. If you have any questions concerning our review of this EAW, please contact me by email at Karen.kromar@state.mn.us or by telephone at 651-757-2508.

Sincerely,

Karen Kromar

RE: West Vadnais Lake Outlet Project EAW

Dear Tina Carstens,

The Minnesota Department of Natural Resources (DNR) has reviewed the Environmental Assessment Worksheet (EAW) for the West Vadnais Lake Outlet Project. Regarding matters for which the DNR has regulatory responsibility or other interests, we offer the following comments for your consideration.

Item 11. Water Resources

- The boundary for the public water West Vadnais Lake (PWI #62003802) on Figure 4 is inaccurately depicted. There are two main mapped portions of West Vadnais Lake, with the largest part of the public water located north of West Vadnais Boulevard, and the smaller, triangle-shaped portion of the public water located just south of West Vadnais Boulevard. There is also a small polygon of the lake located on the northwest side of the main part of the lake, on the west side of Rice Street (see the Public Waters (PW) Basin and Watercourse Delineations GIS layer on the MN Geospatial Commons website for reference). Excavation of a channel within the triangle-shaped portion of West Vadnais Lake located south of West Vadnais Boulevard will need to be included in the public waters permit application for this project, in addition to reconstruction of the water level control structure.
- Pages 20 – 22 describe the wetlands that were delineated in relation to the Project. Wetland 2 includes a portion of West Vadnais Lake, a DNR public water. This information is important to accurately discuss so that it is clear who the proper permitting authority is for proposed work (the local government unit for wetlands protected under the Wetland Conservation Act, or the Department of Natural Resources for public waters impacts).
- While this project may not increase the rate of flow out of the outlet, please provide documentation that shows that the additional volume of water released to lower the lake to the new proposed outlet elevation will not impact structures adjacent to downstream waters. The Watershed Organization will need to work closely with local governments to ensure that possible damage does not occur due to this discharge.
- Any construction dewatering that exceeds a volume of 10,000 gallons per day, or one million gallons per year, must be approved under a DNR Water Appropriation Permit. If the water flowing out of West Vadnais Lake is diverted out of the current channel of the outlet, then a DNR Water Appropriation Permit will be needed for the diversion.

Item 13. Fish, wildlife, plant communities, and sensitive ecological features

- The EAW states that water levels will be lowered by approximately .8 feet. Based on information provided to the DNR, the project is expected to take place in January or February 2020. We agree with the assessment in the EAW that potential impacts to wetland habitat are expected to be minimal. However, dropping water levels during the winter does have the potential to result in winterkill of

several aquatic species; this would especially be a concern if water is dropped significantly more than proposed. The project proposers should develop a contingency plan should water levels need to be lowered more than expected in order to minimize winterkill of aquatic species, as well as plans for responding to citizen concerns and reports of winterkill.

On behalf of the DNR, thank you for consideration of these comments.

Sincerely,

/s/Rebecca Horton

Dear Stephanie,

We at SPRWS have had the opportunity to read through the Environmental Assessment Worksheet and are satisfied with the proposed solution of lowering the outlet of West Vadnais by 0.8 ft to help mitigate the flooding in the surrounding area.

If you have any questions or would like to discuss this further, feel free to call me.

Thank you,

Jeremy

Subject: West Vadnais Lake EAW comments requested

Greetings Board and TEC,

Attached please find the Environmental Assessment Worksheet (EAW) prepared by Barr Engineering for the project proposer, Ramsey Washington Metro Watershed District. The proposal is to lower the outlet of West Vadnais Lake by 0.8 feet. Comments may be addressed to me at stephanie.o.mcnamara@vlawmo.org, or the contact information below until Oct. 9th. Thank you for your attention.

Stephanie McNamara

Subject: West Vadnais Lake Outlet Project EAW - Comments
Date: Wednesday, October 09, 2019 9:28:25 AM

Hello Stephanie,

I have the following comments regarding the EAW for your proposed project:

1. I am in favor of the project overall. It will provide needed relief to the flooding currently happening in the drainage area.
2. Rare Species List: I have observed American White Pelicans (*Pelecanus erythrorhynchos*), MN Special Concern Species, using West Vadnais Lake as a migratory stopover and occasionally for summer nonbreeding (presumably) habitat.

**RE: West Vadnais Lake Outlet Project
Environmental Assessment Worksheet**
City of Vadnais Heights, Ramsey County, Minnesota
Metropolitan Council Review File No. 22346-1
Metropolitan Council District 11, Susan Vento

Dear Ms. McNamara:

The Metropolitan Council (Council) received the Environmental Assessment Worksheet (EAW) for the proposed West Vadnais Lake Outlet Project (Project) on September 3, 2019. The Project proposes to modify the existing outlet of West Vadnais Lake to lower it by 0.8 feet to help alleviate flooding in the surrounding area and provide additional in-lake water storage during periods of increased area runoff. Council staff review finds that the EAW is complete and accurate with respect to regional concerns and does not raise major issues of consistency with Council policies. An EIS is not necessary for regional purposes. The following comments are offered for your consideration.

Item 9 – Land Use (Colin Kelly, 651-602-1361)

The EAW aptly acknowledges the Project's proximity to Vadnais-Snail Lake Regional Park; includes both "Snail Lake Regional Park trail users" and "users accessing the south entrance of the Vadnais-Sucker Lake Regional Park" as beneficiaries of the project; and references the *Ramsey County 2018 Parks and Recreation System Plan* as including "(r)ecreation, flood management, and natural resources management goals for the Vadnais Lake segment of the Vadnais-Snail Lakes Regional Park." Further, the document recognizes that "Ramsey County is currently working on clearing culverts to help address flooded wetlands in Vadnais-Snail Lakes Regional Park."

Council staff appreciate the Vadnais Lake Area Water Management Organization's references to Ramsey County plans and the actions taken by both the County and Ramsey-Washington Metro Watershed District to address contemporary water resources issues in the vicinity of the Project.

Ms. Stephanie McNamara
October 4, 2019
Page 2

This concludes the Council's review of the EAW. The Council will take no formal action on the document. If you have any questions or need further information, please contact Jim Larsen PE, principal reviewer, at 651-602-1159.

Sincerely,

Good Morning Stephanie,

I realize we are submitting this after the EAW deadline has closed, but we have no comments on the proposed EAW. The need for a MnDOT permit is identified per the EAW, so at the time you apply for the permit please coordinate with our water resources group and permits office. For more information on how to apply for permits, please see this website:

Ms. McNamara,

Thank you for the additional information. Our office is concerned with any areas where ground disturbing activity is anticipated. Given the additional information you provided regarding previous ground disturbance in the outlet, this office has no concerns with the West Vadnais Lake Outlet project. If project plans change, please contact our office.

Please note, if archaeological materials or human remains are located during construction, construction activities should cease and the proper authorities, including this office, should be notified.

Thank you,
Jennifer

Subject: West Vadnais Lake Outlet project

Ms. Tworzyanski,

Thank you for your comment on the above project. I wanted to touch base before a final response to comments was published. The engineers for this project have generated a visual of the area that would be disturbed and other areas of cultural significance. While the EAW rightly indicates the project area affects the whole of West Vadnais, the actual construction area would be limited to the outlet. The outlet already exists and the channel to the outlet has been maintained by dredging. This area is also within the Right of Way for I694 and Twin Lake Blvd. The St. Paul Regional Water Service conduit is also immediately adjacent. This is an area of heavy disturbance. What the project would do is put a new pipe in of the same size as the existing outlet pipe but 0.8 feet lower. Eventually, during dry years, this could have the effect of a slightly lower water level in West Vadnais Lake. The size of the lake impact triggered a mandatory EAW. However It is

anticipated that no land will be disturbed that was not already disturbed.

It is anticipated that it will be several years before the lower lake level is seen, depending on weather conditions. It may be interesting to do a survey if lake shoreline is exposed that has been underwater. That would be beyond the scope of this EAW.

Please let me know if you have comments or questions. Again, thank you for your thoughtful response.

Stephanie McNamara

We have received your request for action (RFA) and have forwarded it to our statewide email address. Please note that in order to reduce delays in processing your RFA, in the future please send RFAs directly to usace_requests_mn@usace.army.mil and include the county name in the subject line (e.g. Washington County). Failure to identify the county in the subject line could result in delays. Once your RFA has been processed, you will receive an acknowledgement email identifying the Project Manager assigned to your project and their contact information. Please see the attached public notice for more information on paperless procedures.

Vadnais Lake Area Water Management Organization (VLAWMO)

800 County Road E East, Vadnais Heights, MN 55127

Blockedwww.vlawmo.org <Blocked<http://www.vlawmo.org/>> direct: 651-204-6073; fax: 651-204-6173

An agreement for operation of the existing outlet is referenced on Page 8. It would be useful for this agreement to be included as an Appendix item and commentary provided in regards to how the proposed modifications would impact the agreement's stakeholders.

Table 1 is a Project Magnitude Summary that list the total project acreage as 238.3 acres, which is presumably the entire lake. There are residential and commercial properties with waterfront that would be impacted by this project – should they be counted within this table?

Table 2 is a Summary of Cover Types before and after the proposed project. Wouldn't lowering the lake by 0.8' during periods of drought reduce the amount of deep water in the site?

The stated original purpose of the 24" pipe should be explored and explained in greater detail. It is a perplexing position that a 24" pipe was built to serve less drainage area than a 15" pipe. In contrast, the 24" pipe appears to have functioned in a useful matter during periods of extreme hydrologic conditions. Further analysis and explanation of the 24" pipe's purpose would be useful.

The City of Vadnais Heights 2040 Comprehensive Plan endorses "minimizing surface water issues and enhancing the natural environment" – lowering West Vadnais Lake is likely not consistent with those goals. Additional commentary on the impacts to the lake, especially during period of drought, would be useful.

By design, the live load capacity of stormwater ponds accept greater volumes of water, faster. This means less upstream detention times and subsequent water quality treatment. Commentary on the reduced water quality entering Grass Lake and West Vadnais Lake would be useful.

To further establish compatibility of the proposed project with land use plans, further explanation of the reduced flood risks would be useful.

Expanded commentary on current and historic hydrologic connections between East and West Vadnais Lake and Twin Lake would be useful. It is my understanding that the East and West Vadnais Lakes were historically connected. Inspection of topography indicates that historic overflow into Twin Lake likely occurred in past periods of extreme hydrologic conditions.

Thank you for consideration of these comments.

Subject: West Vadnais Lake Outlet Project EAW - Comments
Date: Friday, October 11, 2019 11:55:24 AM
Attachments: [image001.png](#)

Stephanie –

I reviewed the EAW for the West Vadnais Lake Outlet Project. I respectfully offer the following questions and comments.

The current outlet elevation of 881.8 is already lower than the OHWL of 882.6 and is considerably lower than the recent higher levels experienced in 2019. This suggests that the elevation of the outlet is not the primary issue, which suggests it might not be the most effective solution. Before lowering the outlet elevation, it'd be useful to understand what impact a lower outlet would have had in 2019.

How much lower would the peak elevations have been in 2019 had the lower proposed outlet been in place?

Lowering the lake level 0.8' during periods of drought represents 10% of the lake's maximum depth, which is significant. It would be useful to see a table that compares various lake level reductions (0.1', 0.2', 0.3'... 0.8' 0.9' 1.0') to corresponding 2019 high water levels. Perhaps a less impactful lake level reduction, for example 0.4', would provide nearly as much benefit as 0.8'. Conversely, perhaps a larger reduction, for example 1.2', would provide a much greater benefit. A better understanding of the relationship between the proposed lowered outlet versus 2019 peak elevations would be useful in evaluating this modification.

Are there are other alternative improvements, either upstream or downstream, that would be more effective? For example, would lowering another outlet 0.1' in another location provide a greater benefit? Or, are there other outlets that with small capacity adjustments, might provide a greater benefit, possibly at a lower cost?

The proposed outlet would provide a noticeable water level reduction during periods of lower lake levels and lower precipitation. What other management strategies are in place during drought conditions? For example, would other water bodies be augmented at these times? It does not seem logical or equitable that one lake be lowered to facilitate another lake being pumped full. Additional commentary on overall water programming of the system would useful to further understanding of how these actions interact with one another.

The lowest section of Rice Street was recently raised 0.5'. Commentary on the revised impacts to Rice Street would be useful.

The secondary outlet is characterized as "unintentional". More information on that characterization would be useful. A historic summary of how West Vadnais Lake has drained in the past, highlighting modifications or other changes, would be helpful in evaluating proposed modifications.

RESOLUTION 05-2019
Of the Vadnais Lake Area Water Management Organization (VLAWMO)

October 23, 2019

The Board of Directors of the Vadnais Lake Area Water Management Organization met in a regular meeting at the Vadnais Heights City Hall on Wednesday, the 23rd day of October 2018 at 7:00 o'clock p.m.

The following members were present:

Jim Lindner, City of Gem Lake
Dan Jones, City of White Bear Lake
Rob Rafferty, City of Lino Lakes
Patricia Youker, City of Vadnais Heights
Ed Prudhon, Town of White Bear
Marty Long, City of North Oaks

The following members were absent:

Director _____ introduced the following resolution and moved its adoption:

RESOLUTION 05-2019

A RESOLUTION DECIDING THE NEED FOR AN ENVIRONMENTAL IMPACT STATEMENT PER MINNESOTA RULE 4410.1700 ON THE MATTER OF WEST VADNAIS LAKE OUTLET PROJECT (PROJECT) ENVIRONMENTAL ASSESSMENT WORKSHEET.

WHEREAS, the Vadnais Lake Area Water Management Organization (VLAWMO) is the Responsible Government Unit (RGU) for most of West Vadnais Lake which is will be affected by the proposed project and

Whereas, the Ramsey Washington Metro Watershed District is the Project Proposer who is seeking to alleviate flooding in areas of their watershed, and

Whereas, the Project size which includes West Vadnais Lake has triggered a mandatory EAW, and

Whereas the EAW has been appropriately noticed and published with comments received and responses available prior to this meeting, and

WHEREAS, VLAWMO as RGU is tasked with determining whether or not sufficient information is available to determine the appropriate level of environmental review, including whether or not an Environmental Impact Statement (EIS) is needed to provide adequate review.

THEREFORE BE IT RESOLVED that the VLAWMO Board of Directors has reviewed the EAW, the agency and public comments received and the responses, and has held a public hearing to allow for further public input into the consideration of the EAW.

The VLAWMO Board of Directors finds that the EAW together with the Comments and responses and the Findings of fact provide sufficient information to review this Project. No Environmental Impact Statement is needed.

Further, the VLAWMO Board of Directors directs staff to publish a Record of Decision as identified in Minnesota Rules.

The motion for adoption of the foregoing resolution was duly seconded by member Director Jones and upon vote being taken thereon, the following voted in favor thereof:

Directors:

and the following voted against the same:

None

Whereupon the resolution was declared passed and adopted.

James Lindner, Chair

Date

VADNAIS LAKE AREA WATER MANAGEMENT ORGANIZATION

I, the undersigned, Administrator of the Vadnais Lake Area Water Management Organization, hereby certify that I have carefully compared and attached the foregoing extract of minutes of a regular meeting of the Board of Directors of said watershed held on the 23rd day of October 2019, with the original thereof on file in my office.

WITNESSED BY the Watershed Administrator this 23th day of October 2019.

Re: **VI. A** Storm Sewer Utility Certification to Ramsey and Anoka Counties

This is the final step in our annual process to complete the Storm Sewer Utility for 2020. The Budget with its anticipated income from the SSU was set in June that drove the rates for residential and non-residential properties which were approved in August. Staff has been working with our SSU consultant and the counties to review property divisions and other updates since then. The charges to each non-exempt parcel are now ready to be certified as we do each October.

Please note the Parcel lists for each county will be sent electronically only as they are lengthy. The Resolution for Certification is included in the packet.

Vadnais Lake Area Water Management Organization
Storm Water Utility Certification
For Taxes Payable in 2020

CERTIFICATION SUMMARY

Project Name:	Storm Water Utility	Calculation Method	1 Year	COUNTY NAME	Ramsey
Special Assessment Code	S-032020100	Extra Days/Months Interest	None		
Resolution		Number of Years to Run	1 Year		
Total Project Amount	\$886,107.83	Prepaid PIN's	None		
Interest Rate	0.00%	Deferred PIN's	None		

PARCEL ID NUMBER	SPECIAL ASSESSMENT CODE	AMOUNT

RESOLUTION 06-2019
Of the Vadnais Lake Area Water Management Organization (VLAWMO)

October 23, 2019

The Board of Directors of the Vadnais Lake Area Water Management Organization met in a regular meeting at the Vadnais Heights City Hall on Wednesday, the 23rd day of October, 2018 at 7:00 o'clock p.m.

The following members were present:

Jim Lindner, City of Gem Lake
Dan Jones, City of White Bear Lake
Rob Rafferty, City of Lino Lakes
Patricia Youker, City of Vadnais Heights
Ed Prudhon, Town of White Bear
Marty Long, City of North Oaks

The following members were absent:

Director _____ introduced the following resolution and moved its adoption:

RESOLUTION 06-2019

**A RESOLUTION CERTIFYING STORM SEWER UTILITY CHARGES TO THE
COUNTY AUDITOR TO BE ASSESSED ON REAL ESTATE TAXES PAYABLE IN
2018.**

WHEREAS, Minnesota Law 2008, Chapter 366, Article 6, Section 47 provides that the Vadnais Lake Area Water Management Organization may certify to the County Auditors the amounts of storm sewer utility charges to be collected on said premises the ensuing year; and

WHEREAS, the Storm Sewer Utility (SSU) Rule of the Vadnais Lake Area Water Management Organization, provides that the watershed may certify to the County Auditors the amounts of unpaid utility charges to be collected as part of the tax levy/special assessments on said premises the ensuing year;

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF THE VADNAIS LAKE AREA WATER MANAGEMENT ORGANIZATION, AS FOLLOWS:

1. Attachments 1 and 2 attached hereto and made a part thereof by reference is a list of parcels of real property lying within the VLAWMO limits of which have surface water runoff and on which there are service charges payable in 2020.
2. The Board hereby certifies said list and requests the Ramsey County Auditor and Anoka County Auditor to include in the real estate taxes/assessments due the amount set forth in Attachments 1 and 2 with taxes/assessments due and payable in 2020.
3. The VLAWMO Administrator is directed to tender a certified copy of this Resolution to the Ramsey and Anoka County Departments of Property Records and Revenue.

The motion for adoption of the foregoing resolution was duly seconded by member Director Jones and upon vote being taken thereon, the following voted in favor thereof:

Directors:

and the following voted against the same:

None

Whereupon the resolution was declared passed and adopted.

James Lindner, Chair

Date

VADNAIS LAKE AREA WATER MANAGEMENT ORGANIZATION

I, the undersigned, Administrator of the Vadnais Lake Area Water Management Organization, hereby certify that I have carefully compared and attached the foregoing extract of minutes of a regular meeting of the Board of Directors of said watershed held on the 23rd day of October 2019, with the original thereof on file in my office.

WITNESSED BY the Watershed Administrator this 23th day of October 2019.

Stephanie McNamara, Administrator

800 County Road E E, Vadnais Heights, MN 55127

Re: **V. A. 3. Revenue Bond Note: Authorization to send to MPCA**

The Loan Agreement was signed and submitted to MPCA following the August Board meeting.

The remaining step to finalize release of loan funds requires VLAWMO to authorize sending the Revenue Bond Note to MPCA. The Revenue Bond Note has been in process with the attorney at Kennedy and Graven, Chartered (Mpls) for the past couple of months. A final decision and resolution (Res. 07-2019) are included in the packet for review, presentation during the meeting, adoption by the Board, and authorization for VLAWMO staff to send the Revenue Bond Note to MPCA.

The Revenue Bond Note uses the JPA amendment, allowing VLAWMO to assume debt, to authorize VLAWMO to borrow funds for the Lambert Lake project "in the amount of \$400,000 or so much as is to be disbursed and repaid in accordance with the terms of the Clean Water Partnership Loan Agreement." The terms of the Clean Water Partnership Loan Agreement allow up to twice the original loan amount to be borrowed using an internal MPCA amendment process. This allows adjustments in the event that actual costs are higher than originally anticipated costs.

Recommendations from SEH, presented to the Board during the August regular meeting, include estimated costs for replacement sheetpile at Lambert Lake. Because of additional required depth to stabilized new sheetpile, using information from the resistivity survey completed during summer 2019, estimated costs exceed the original estimate. SEH estimates that the replacement sheetpile will cost \$500,000. VLAWMO has been in communication with MPCA about this cost increase. VLAWMO staff requested that we wait to amend the loan until after a bid is accepted for construction, so that we fully understand actual costs to the best of our ability and amend at that time. MPCA has agreed that is an acceptable way to proceed. Staff plans to request an amendment by March, if plans for Lambert Lake proceed according to schedule.

Recommendation: Staff requests that the Board review, present during the meeting, adopt Res. 07-2019, and authorize sending the Revenue Bond Note to MPCA to finalize release of loan funds for the Lambert Lake project.

Extract of Minutes of Meeting
of the Board of Directors of the Vadnais Lake Area
Watershed Management Organization

Pursuant to due call and notice thereof, a meeting of the Board of Directors of the Vadnais Lake Area Watershed Management Organization, was duly called and held at the Vadnais Heights City Hall in the City of Vadnais Heights, Minnesota on Wednesday, the 23rd day of October, 2019, at 7:00 p.m.

The following members were present:

and the following were absent:

Member _____ presented the following written resolution, the reading of which was dispensed with by unanimous consent, and moved its adoption:

RESOLUTION NO. _____

ACCEPTING THE OFFER OF THE MINNESOTA POLLUTION CONTROL AGENCY TO PURCHASE A TAXABLE STORM WATER REVENUE NOTE, SERIES 2019, IN THE ORIGINAL AGGREGATE PRINCIPAL AMOUNT OF \$400,000; PROVIDING FOR ITS ISSUANCE IN ACCORDANCE WITH A CLEAN WATER PARTNERSHIP LOAN AGREEMENT

BE IT RESOLVED by the Board of Directors (the “Board”) of the Vadnais Lake Area Watershed Management Organization, Minnesota (“VLAWMO”), as follows:

Section 1. Recitals.

(a) The Minnesota Pollution Control Agency (the “MPCA”) is authorized pursuant to Minnesota Statutes, Sections 103F.701 through 103F.755, as amended (the “Clean Water Partnership Law”), to provide loans to political subdivisions of the State of Minnesota (the “State”) to fund eligible costs of the construction of facilities to protect and improve surface and ground water in the State through its Clean Water Partnership Loan Program (the “Program”).

(b) VLAWMO is a joint powers entity established under Minnesota Statutes, Section 471.59 and Sections 103B.201 through 103B.253, both as amended.

The Cities of Gem Lake, Lino Lakes, North Oaks, Vadnais Heights and White Bear Lake and the Town of White Bear (the “Members”) comprising VLAWMO have entered into a Second Amendment (2019) to the Joint Powers Agreement to Protect and Manage the Vadnais Lake Area Watershed (the “Joint Powers Agreement”).

(c) VLAWMO is authorized by the Clean Water Partnership Law and its Joint Powers Agreement to borrow money from the MPCA for certain eligible activities and to issue its notes or other obligations for the purpose evidencing its obligation to repay such a loan. VLAWMO has applied for a loan from the MPCA pursuant to the Program (the “Loan”) to finance the implementation of the Vadnais Lake Area Watershed Management Organization Bacteria, Sediment and Nutrient Reduction Project (the “Project”).

(d) The MPCA has offered to make the Loan to VLAWMO in the amount of \$400,000 or so much as is to be disbursed and repaid in accordance with the terms of the Clean Water Partnership Loan Agreement (the “Project Loan Agreement”), between VLAWMO and the MPCA, in substantially the form now on file with the Administrator and attached hereto as **EXHIBIT A**. The Project Loan Agreement, as executed, is incorporated herein by reference.

(e) VLAWMO is authorized to issue its obligations pursuant to its Joint Powers Agreement and the Clean Water Partnership Law, Minnesota Statutes, Chapter 475, as amended, and Minnesota Statutes, Sections 471.59, and Sections 103B.201 through 103B.253, all as amended (collectively, the “Act”), for the purpose of financing the construction of the Project.

(f) In accordance with Section 475.60, subdivision 2(4) of the Act, VLAWMO is authorized to issue obligations to a board, department or agency of the State by negotiation and without advertisement for bids and the MPCA is, and has represented that it is, a board, department or agency of the State.

(g) Contracts for the Project have been or will be made by VLAWMO with the approval of the MPCA and all other State and federal agencies of whose approval is required.

Section 2. Acceptance of Offer; Payment; Denomination.

(a) VLAWMO hereby accepts the offer of the MPCA to purchase the Taxable Storm Water Revenue Note, Series 2019 (the "Note"), to be issued by VLAWMO in the original aggregate principal amount of \$400,000, and to pay therefor the par amount of the Note as provided below, and the sale of the Note is awarded to the MPCA. Payment for the Note is to be disbursed in installments as eligible costs of the Project are reimbursed or paid, all as provided in the Project Loan Agreement.

(b) The Note is to be issued in the aggregate principal amount of \$400,000, originally and nominally dated as of the date of delivery, as a fully registered Note without coupons. The Note will be in the denomination of the entire principal amount thereof, numbered R-1, and will mature in the anticipated installment amounts as specified in **EXHIBIT B** attached hereto subject to adjustment in accordance with the Project Loan Agreement. So long as the repayments are made on time, the Note shall not accrue interest. In the event that VLAWMO does not make its regularly scheduled payments, the Note shall be subject to a penalty of two percent (2%) per annum on the principal balance owed commencing on the date repayment is due and continuing until the payment is received by the MPCA.

(c) The Note is subject to redemption and prior payment as provided in the Project Loan Agreement.

(d) Principal in the installment amounts set out in the Note are payable by wire transfer, or if by check or draft of VLAWMO or its designated registrar, mailed the last business day prior to the payment date (each June 15 and December 15) to the registered holder thereof at the holder's address as it appears on the bond register at the close of business on the fifth day (whether or not a business day) immediately preceding the payment date. The Administrator is hereby appointed as the initial registrar, transfer agent, authenticating agent, and paying agent of VLAWMO with respect to the Note.

Section 3. Date. The Note will be a fully registered negotiable obligation, dated as of date of delivery and issued forthwith. The Note shall be issued in substantially the form attached hereto as **EXHIBIT B**.

Section 4. Execution. The Note is to be executed on behalf of VLAWMO by the manual or facsimile signatures of its Chair and Administrator and is to be authenticated by the manual signature of the Administrator, acting as authenticating agent of VLAWMO. In the event of disability or resignation or other absence of any of such officers, the Note may be signed by any officer who is authorized to act on behalf of such absent or disabled officer. If an officer whose signature will appear on the Note ceases to be such officer before the delivery of the Note, such officer's signature will nevertheless be valid and sufficient for all purposes, the same as if such officer had remained in office until delivery.

The Administrator is authorized and directed to obtain a copy of the proposed approving legal opinion of Kennedy & Graven, Chartered, Minneapolis, Minnesota, as bond counsel to VLAWMO, and to cause the opinion to be printed on or accompany the Note.

Section 5. Delivery; Application of Proceeds. The Note when so prepared and executed will be delivered by the Administrator to the MPCA prior to any disbursements pursuant to the Project Loan Agreement, and the purchaser is not obliged to see to the proper application thereof.

Section 6. Storm Water Fund and Accounts. There shall be maintained a separate fund in VLAWMO treasury designated as the Storm Water Fund (the "Storm Water Fund"). The Administrator and all officials and employees concerned therewith will establish and maintain financial records of the receipts and disbursements of the VLAWMO's storm water system (the "Storm Water System") in accordance with this resolution and the Joint Powers Agreement. There will be maintained in the Storm Water Fund, in addition to any accounts previously created, the following three (3) separate accounts:

(a) A Capital Account to which will be credited all proceeds from the sale of the Note. The Note is the only source of money to be credited to the Capital Account. It is recognized that the sale proceeds of the Note are received in reimbursement for costs expended on the Project or in direct payment of such costs, and that accordingly the money need not be placed in the Capital Account upon receipt but may be applied immediately to reimburse the source from which the expenditure was made. Money in the Capital Account is to be used solely for the purpose of paying for the cost of constructing the Project, including all costs enumerated in Section 475.65 of the Act, provided that such money may only be expended for costs and expenses which are permitted under the Project Loan Agreement. Upon completion of the Project and the payment of the costs thereof, any surplus is to be transferred to the Debt Service Account.

(b) An Operation and Maintenance Account into which are to be paid all gross revenues and earnings derived from the operation of the Storm Water System, including all charges for the service, use and availability of and connection to the Storm Water System, including without limitation the fees and assessments charged to property owners, when collected, and all money received from the sale of any facilities or equipment of the Storm Water System or any by-products thereof. From this account there will be paid all the normal, reasonable and current costs of operating, maintaining, and insuring the Storm Water System, including salaries, wages, costs of materials and supplies, necessary legal, engineering and auditing services, and all other items that, by sound accounting practices, constitute normal, reasonable and current costs of operating and maintenance, but excluding any allowance for depreciation, extraordinary repairs and payments into any debt service account. All money remaining in the Operation and Maintenance Account after paying or providing for the foregoing items constitutes, and is referred to in this resolution as, "net revenues."

(c) A Debt Service Account into which are irrevocably pledged or credited (i) net revenues of the Storm Water System in an amount sufficient, with other money, to pay the principal of and interest, if any, on the Note when due; (ii) all investment earnings on money held in the Debt Service Account; (iii) any amounts transferred from the Capital Account; and (iv) any amounts authorized under the Clean Water Partnership Law and any other money which is properly available and is appropriated by the VLAWMO Board of Directors to the Debt Service Account. The money in this account may be used only to pay or prepay the principal of the Note and to pay interest, if any on the Note and any other obligations hereafter issued and made payable from this account.

(d) Excess net revenues not required for the purposes of the Storm Water Fund may be used for any proper purpose.

Section 7. Pledge to Produce Revenues. In accordance with the Act, VLAWMO hereby covenants and agrees with the holder of the Note that it will impose and collect charges for the service, use

and availability of any connection to the Storm Water System, at the times and in the amounts required to produce net revenues that, along with other funds of VLAWMO, are adequate to pay all principal and interest when due on the Note.

Section 8. Project Loan Agreement. The provisions of this resolution relating to the Note are intended to be consistent with the provisions of the Project Loan Agreement, and to the extent that any provision in the Project Loan Agreement is in conflict with this resolution as it relates to the Note, that provision controls. The execution and delivery of the Project Loan Agreement by the Administrator of VLAWMO as authorized on the date hereof and payment thereunder in accordance with this resolution is hereby ratified. The Project Loan Agreement must be attached to the Note if the holder of the Note is any person other than the MPCA.

Section 9. Records and Certificates. The officers of VLAWMO are hereby authorized and directed to prepare and furnish to the MPCA, and to the attorneys approving the legality of the issuance of the Note, certified copies of all proceedings and records of VLAWMO relating to the Note and to the financial condition and affairs of VLAWMO, and such other affidavits, certificates and information as are required to show the facts relating to the legality and marketability of the Note as the same appear from the books and records under their custody and control, or as otherwise known to them, and all such certified copies, certificates and affidavits including any heretofore furnished, are to be deemed representations of VLAWMO as to the facts recited therein.

Unless litigation has commenced and is pending questioning the Note, revenues pledged for the payment of the Note, or the organization of VLAWMO or the incumbency of its officers, the Chair and the Administrator are hereby authorized and directed to execute and deliver to the MPCA at the closing a suitable certificate as to absence of material litigation, and the Administrator is authorized and directed to execute and deliver to the MPCA at the closing a certification as to payment for and delivery of the Note.

Section 10. Designation of Project Representative. VLAWMO Board hereby designates the Administrator or the Program Development Coordinator of VLAWMO as the person responsible for representing VLAWMO in all matters which, in accordance with the terms of the Project Loan Agreement, do not specifically require action by VLAWMO. The VLAWMO Board of Directors hereby designates the Administrator or the Program Development Coordinator of VLAWMO as the person responsible for executing all requests for disbursements of the Loan under the Project Loan Agreement on behalf of VLAWMO.

Section 11. Severability. If any section, paragraph or provision of this resolution is held to be invalid or unenforceable for any reason, the validity or unenforceability of such section, paragraph or provision will not affect any of the remaining provisions of this resolution.

Section 12. Headings. Headings in this resolution are included for convenience of reference only and are not a part hereof, and do not limit or define the meaning of any provision hereof.

The motion for the adoption of the foregoing resolution was duly seconded by Member _____, and upon vote being taken thereon the following members voted in favor of the motion:

and the following voted against:

whereupon the resolution was declared duly passed and adopted.

EXHIBIT A
PROJECT LOAN AGREEMENT

EXHIBIT B
FORM OF NOTE

No. R-1 UNITED STATES OF AMERICA \$400,000
STATE OF MINNESOTA
VADNAIS LAKE AREA WATERSHED MANAGEMENT ORGANIZATION
TAXABLE STORM WATER REVENUE NOTE
SERIES 2019

Date of Original Issue: _____, 2019

The Vadnais Lake Area Watershed Management Organization, a joint powers entity created by political subdivisions (VLAWMO”), certifies that it is indebted for value received and promises to pay to the Minnesota Pollution Control Agency or registered assigns, the principal sum of \$400,000, or so much thereof as may have been disbursed on the dates and in the installments as follows:

<u>Date</u>	<u>Installment</u>	<u>Date</u>	<u>Installment</u>
December 15, 2022	\$20,000	December 15, 2027	\$20,000
June 15, 2023	20,000	June 15, 2028	20,000
December 15, 2023	20,000	December 15, 2028	20,000
June 15, 2024	20,000	June 15, 2029	20,000
December 15, 2024	20,000	December 15, 2029	20,000

June 15, 2027	20,000	June 15, 2032	20,000

This Note shall not accrue interest but is subject to a late penalty in accordance with the terms hereof.

Principal Payments. This Note is given in accordance with the Clean Water Partnership Loan Agreement, dated _____, 2019 (the “Project Loan Agreement”), between the Minnesota Pollution Control Agency (the “MPCA”) and VLAWMO. The principal installments will be paid in substantially the amounts and on the dates scheduled above; provided that (a) to the extent any principal amount of this Note is never disbursed, the amount of the principal not disbursed is to be applied to reduce each unpaid principal installment in the proportion that such installment bears to the total of all unpaid principal installments (i.e., the remaining principal payment schedule is to be reamortized to provide similarly level annual installments of total debt service payments); and (b) the first principal installment under this Note shall be due and payable no later than one year after the earliest of the following: (i) the Project Implementation Loan (as defined in the Project Loan Agreement) has been fully disbursed; (ii) the Project has been fully completed; or (iii) the Project Implementation Period (as defined in the Project Loan Agreement) has expired.

Principal and any premium due under this Note will be paid on each payment date by wire transfer of immediately available funds, or by check or draft mailed the last business day prior to the payment date to the registered holder thereof at the holder’s address as it appears on the bond register at the close of business on

the 5th day (whether or not a business day) immediately preceding the payment date in any coin or currency of the United States of America which at the time of payment is legal tender for public and private debts.

Late Payment Penalty. In the event that VLAWMO does not make its regularly scheduled payments, this Note shall be subject to a penalty of two percent (2%) per annum on the principal balance owed commencing on the date repayment is due and continuing until the payment is received by the MPCA.

Redemption. This Note is subject to optional or mandatory redemption and prepayment in whole or in part as provided in Section H(5) of the Project Loan Agreement.

Purpose. This Note has been issued pursuant to and in full conformity with the Joint Powers Agreement of VLAWMO and the Constitution and laws of the State of Minnesota, including Minnesota Statutes, Chapter 475, as amended, Sections 471.59, and Sections 103B.201 through 103B.253, all as amended, and Sections 103F.701 through 103F.755, as amended, for the purpose of providing money to finance eligible project costs of VLAWMO's the Vadnais Lake Area Watershed Management Organization Bacteria, Sediment and Nutrient Reduction Project, and is payable out of the Debt Service Account of the Storm Water Fund of VLAWMO, to which account have been pledged net revenues of VLAWMO's storm water system.

Registration: Transfer. This Note must be registered in the name of the payee on the books of VLAWMO by presenting this Note for registration to the Administrator, who will endorse the Administrator's name and note the date of registration opposite the name of the payee in the certificate of registration attached hereto. Thereafter this Note may be transferred to a bona fide purchaser only by delivery with an assignment duly executed by the registered owner or owner's legal representative, and VLAWMO may treat the registered owner as the person exclusively entitled to exercise all the rights and powers of an owner until this Note is presented with such assignment for registration of transfer, accompanied by assurance of the nature provided by law that the assignment is genuine and effective, and until such transfer is registered on said books and noted hereon by the Administrator.

Fees Upon Transfer or Loss. The Administrator may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection with the transfer of this Note and any legal or unusual costs regarding transfers and lost notes.

Project Loan Agreement. The terms and conditions of the Project Loan Agreement are incorporated herein by reference and made a part hereof. The Project Loan Agreement may be attached to this Note and must be attached to this Note if the holder of this Note is any person other than the MPCA.

This Note is a special, limited obligation of VLAWMO. This Note is not a general obligation of VLAWMO or any of its members and the taxing power or revenues of members of VLAWMO are not pledged to the payment of the Note or interest thereon. Principal of and interest on this Note are payable solely from the revenues pledged herein. Neither this Note nor the obligations or agreements of LOGIS shall be construed to constitute an indebtedness of the members of VLAWMO within the meaning of any constitutional or statutory limitation whatsoever nor constitute or give rise to pecuniary liability or be a charge against the general credit or taxing powers of the members of VLAWMO.

IT IS HEREBY CERTIFIED AND RECITED that all acts, conditions and things required by the Constitution and laws of the State of Minnesota to be done, to happen and to be performed precedent to and in the issuance of this Note, have been done, have happened and have been performed in regular and due form, time and manner required by law; that VLAWMO has covenanted and agreed with the holder of this Note that it will impose and collect charges for the water system at the times and in amounts necessary to produce net revenues adequate to pay all principal and interest when due on this Note; and that this Note,

together with all other debts of VLAWMO outstanding on the date hereof, being the date of its actual issuance and delivery, does not exceed any constitutional, or statutory limitation of indebtedness.

IN WITNESS WHEREOF, the Vadnais Lake Area Watershed Management Organization, has caused this Note to be executed with the manual or facsimile signatures of its Chair and Administrator, both as of the nominal date of original issue specified above.

Project implementation loan agreement

This *Project loan agreement* (Agreement) is made under the Clean Water Partnership Law, Minn. Stat. §§ 103F.701-103F.755 and the rules adopted thereunder, Minn. R. ch. 7076. Except as otherwise specifically provided in the Agreement, the definitions in Minn. Stat. §§ 103F.701-103F.755 and Minn. R. ch. 7076 apply.

A. Parties

The parties to this Agreement are (1) the State of Minnesota (State) through its Minnesota Pollution Control Agency (MPCA), (2) Vadnais Lake Area Watershed Management Organization (VLAWMO) (Project & Loan Sponsor)

B. Purpose of agreement/description of project

1. The purpose of this Agreement is to provide funding for the best management practices (BMPs) described in the approved *Project workplan* for the VLAWMO Bacteria, Sediment, & Nutrient Reduction Project (Project).
2. Prior to execution of this Agreement, the Project Sponsor submitted to the MPCA a proposed *Project workplan* that describes the Project and its BMPs. The MPCA is in the process of reviewing the proposed *Project workplan*, but has not yet approved it. When approved in writing by the MPCA Commissioner, the approved *Project workplan*, including the budget for the Project, shall be incorporated by reference into this Agreement as Attachment 1. The proposed *Project workplan* is now available for reference at the offices of the MPCA, Watershed Division, 520 Lafayette Rd., St. Paul, Minnesota, 55155.
3. There are two types of BMPs that could be included in a *Project workplan*. A First-Tier BMP is an activity that is directly undertaken by Project Sponsor or Loan Sponsor. A Second-Tier BMP is an activity that is undertaken by a person other than the Project Sponsor or Loan Sponsor. Whether funds provided by the MPCA under this Agreement may be used for First-Tier or Second Tier BMPs, or both, depends on whether the activities are part of the approved *Project workplan*

C. MPCA commitment

1. The MPCA commits, subject to the conditions set forth in this Agreement, to loan **four hundred thousand dollars (\$400,000)** to Loan Sponsor for the purpose of funding the BMPs described in the approved *Project workplan*. If there is a discrepancy in the total funding amount stated in the budget of the *Project workplan* and in this Part, the funding amount stated in this Part shall control.
2. The MPCA's commitment to disburse funds under this Agreement is specifically conditioned on the MPCA's first receiving from Loan Sponsor evidence that Loan Sponsor has secured the debt in this Agreement by issuance of a general obligation promissory note. At a minimum, this evidence must include the following: (a) copy of the Note; (b) certified copies of all resolutions or other authority by the appropriate governing body or bodies as shall legally authorize the execution and performance of the Note; and (c) an opinion from recognized bond counsel concluding that the Note and this Agreement are duly authorized, executed and delivered and will constitute valid, legal and binding agreements in accordance with their terms. For purposes of permitting issuance of the Note, the MPCA represents that it is a "board, department or agency" of the State within the meaning of Minn. Stat. § 475.60, subd. 2, clause (4).

D. Interest rate and term of loan

1. This is a **zero percent (0%)** interest loan, having no finance charge. However, if a repayment is late, interest shall accrue at two percent (2%) annum on the principal balance owed commencing on the date repayment is due according to the *Final repayment schedule* and continuing until the payment is received by the MPCA.
2. Appended to this Agreement as Attachment 2 is an *Estimated repayment schedule*, which establishes a loan term of **ten (10) years**. However, when the loan has been fully disbursed, the Project has been fully completed or the Project Implementation Period has expired (whichever comes first), the MPCA shall review the *Estimated repayment schedule* to determine if the payment amounts, due date and term of this Agreement should be revised. Based on this review, the MPCA will establish a *Final repayment schedule*. The *Final repayment schedule* will be based upon actual amounts disbursed under this Agreement for activities actually implemented before the expiration of the Project Implementation Period. At the sole discretion of the MPCA, the *Final repayment schedule* may provide a shorter or longer term than is stated in the *Estimated repayment schedule* first appended to this Agreement as Attachment 2. The MPCA will promptly forward to *Loan Sponsor* any revisions to the *Estimated repayment schedule*. The revisions will then become an integral and enforceable part of this Agreement.

E. Project sponsor duties and responsibilities

1. The Project Sponsor shall ensure that all BMPs for which loan funds are disbursed under this Agreement are completed in the time and manner set forth in the approved *Project workplan*.
2. The Project Sponsor is responsible for determining what, if any, federal, state (including MPCA) or local permits are required for the work described in the approved *Project workplan* and, if any are required, must obtain the permit(s) within their required time periods.
3. If the approved *Project workplan* describes Second-Tier BMPs, *Project Sponsor* is responsible for authorizing *Loan Sponsor* to make Second-Tier loans to implement the Second-Tier BMPs before any such loans are finalized.

F. Loan sponsor duties and responsibilities

1. *Loan Sponsor* shall provide the general obligation promissory note described in Part C.2. and shall repay all loan funds disbursed by the MPCA under this Agreement.
2. By resolution of its governing body, *Loan Sponsor* shall designate one or more persons to execute loan disbursement requests on behalf of *Loan Sponsor*. *Loan Sponsor* shall submit to the MPCA a certified copy of the resolution designating the authorized person or persons.
3. *Loan Sponsor* shall submit requests for loan disbursement as provided in Part G.
4. *Loan Sponsor* shall reserve for implementation jointly with *Project Sponsor* loan funds sufficient for *Loan Sponsor* and *Project Sponsor* to implement those parts of the approved *Project workplan* designated for implementation as First-Tier BMPs. First-Tier BMPs shall be subject to the provisions of Part J. of this Agreement.
5. If the approved *Project workplan* refers to Second-Tier BMPs and *Project Sponsor* has authorized Second-Tier loans for the implementation of those BMPs, *Loan Sponsor* may make Second-Tier loans for the implementation of the Second-Tier BMPs, as provided in Part K. of this Agreement.
6. *Loan Sponsor* is solely responsible for costs exceeding the loan amount authorized in this Agreement.
7. *Loan Sponsor* is encouraged to prepare and submit an affirmative action plan for the employment of minority persons, women, and the qualified disabled and submit the plan to the Commissioner of Human Rights pursuant to Minn. Stat. § 363A.36.

G. Disbursement of loan funds

1. The MPCA shall not disburse any funds under this Agreement until it has approved the *Project workplan*. The MPCA may provide approval of segments of the proposed *Project workplan* prior to approval of the entire *Project workplan* and may make disbursements on those parts of the proposed *Project workplan* that are approved in writing by the MPCA Commissioner.
2. To receive disbursements under this Agreement, *Loan Sponsor* shall submit, in a form acceptable to the MPCA, disbursement requests signed by a person authorized as provided in Part F.2. The requests shall certify that disbursements are being sought only for reimbursement of costs incurred to implement the approved *Project workplan*. The MPCA will process no more than one request for disbursement per month unless an alternate schedule is agreed to by the MPCA in writing.
3. The MPCA will disburse funds to *Loan Sponsor* on an incurred cost reimbursement basis, consistent with the approved *Project workplan*. Administrative costs will not be considered an incurred cost unless they were approved by the MPCA prior to their having been incurred and were included in the approved *Project workplan*.
4. The MPCA, at any time, may review and audit requests for disbursement under this agreement and may make adjustments for errors and discrepancies discovered in audits or other reviews of requests for disbursement.

H. Security for and repayment of the loan

1. This loan is secured by the general obligation promissory note described in Part C.2.

2. The date to begin repaying this loan is deferred until the loan has been fully disbursed, the Project has been fully completed or the Project Implementation Period has expired, whichever comes first. The Project Implementation Period is defined as exactly three (3) years from the effective date of this agreement.
3. After the loan has been fully disbursed, the Project has been fully completed, or the Project Implementation Period has expired, whichever comes first, the repayment of this loan is as stated in the *Estimated repayment schedule* (Attachment 2).
4. Notwithstanding any other provision of this agreement, the semiannual payments of principal due on this loan shall be due not later than one year after the loan has been fully disbursed, the project has been fully completed or the Project Implementation Period has expired, whichever is first. Payments by Loan Sponsor shall be due every six months. The first payment shall be submitted on the closest date of either June 15 or December 15 (based on the execution date of this Agreement) and shall be due semiannually on June 15 and December 15 after the first payment. Additional payments may be made at any time without penalty.
5. Loan Sponsor may prepay this loan in whole or in part from any funds legally available to Loan Sponsor for this purpose. When Loan Sponsor elects to pay off the loan in full, it shall give written notice to the MPCA and the MPCA shall then prepare and provide to Loan Sponsor a payoff statement. The payoff statement shall include all principal, interest and late fees, if any, due and payable to the MPCA.

I. Denial of disbursements, default, rescission, or early termination

1. The MPCA may deny disbursement of funds to Loan Sponsor if the MPCA determines that the project does not substantially conform to the requirements for a Project Implementation Loan as provided under the Clean Water Partnership Law, Minn. Stat. §§ 103F.701-103F. 755 and the rules implementing the law; that project activities do not satisfy the conditions of the approved *Project workplan*; or that there has been a significant violation of this Agreement, including the failure to submit a report as required by this Agreement. The MPCA shall notify Loan Sponsor of its decision to deny or withhold disbursement, and shall continue to deny or withhold disbursement until Loan Sponsor has corrected the condition causing the MPCA to deny or withhold the disbursement.
2. The MPCA may declare Loan Sponsor and Project Sponsor in default and may rescind this Agreement if it finds that there has been or will be substantial divergence from the approved *Project workplan* or that the approved *Project workplan* has not been or will not be implemented in a timely manner. Upon default, the MPCA shall give written notice and demand for the full payment of all amounts due.
3. In the event the MPCA declares a default under this Agreement and moves to recover repayments, Loan Sponsor and Project Sponsor shall pay the costs and damages, including reasonable attorney's fees and interest, incurred by the MPCA to recover repayments under this Agreement.
4. If Project Sponsor fails to request disbursement for reimbursement of incurred costs within one year of the effective date of this Agreement or as stated in the project timeline of the approved *Project workplan*, the MPCA may elect to terminate this Agreement early or reduce the loan amount. The MPCA's failure to terminate this Agreement early or reduce the loan amount shall not be deemed a waiver of its right to terminate this Agreement or reduce the loan amount at a later date or on different grounds. If the MPCA elects to terminate this Agreement early or reduce the loan amount, it shall notify Project Sponsor and Loan Sponsor in writing.
5. If the MPCA fails to enforce any provision of this Agreement, that failure does not waive that provision or its right to enforce it.

J. Contracting and oversight of first-tier BMPs (if applicable)

1. Project Sponsor and Loan Sponsor may subcontract tasks to engage in architectural, engineering, and related construction services to implement BMPs approved in the *Project workplan*. All subcontracts must comply with the Clean Water Revolving Fund contract packet dated December 2018, which is incorporated by reference. All subcontracts must also comply with all State laws and rules applicable to the selection and employment of subcontractors providing services.
2. Loan Sponsor and Project Sponsor shall exert all reasonable effort to investigate claims which Project Sponsor may have with respect to the work performed under this Agreement and, in appropriate circumstances, shall take whatever action, including withholding of payment and legal recourse, is available to resolve the claims.
3. Project Sponsor shall develop and submit to the MPCA and obtain MPCA approval of a uniform quality assurance program describing how Project Sponsor will assure that the subcontractor activities conducted under this Agreement comply with applicable state laws and with this Agreement. If these activities include the construction, alteration, repair, or maintenance of real or personal property, the uniform quality assurance program must describe the following:
 - (a) inspection and certification procedures for construction, alteration, repair, or maintenance of real or personal property which will not be contracted
 - (b) inspection and certification procedures for construction, alteration, repair, or maintenance of real or personal property which will be contracted
 - (c) certification methods for materials

The level of inspection and certification provided for contracted and noncontracted construction activities shall be commensurate with the scope and complexity of the construction undertaken.

K. Contracting and oversight of second-tier BMPs (if applicable)

1. If BMPs are to be implemented through Second-Tier loans using funds provided by this Agreement, Loan Sponsor may make the Second-Tier loans after obtaining authorization from Project Sponsor and subject to the following conditions.

2. No Second-Tier loan may charge an interest rate greater than one and a half percent (1.5%) for Second-Tier loans.
3. Loan Sponsor may charge an application or origination fee for Second-Tier loans.
4. No Second-Tier loan may be given for any activity other than those in the approved *Project workplan* and authorized by Project Sponsor as Second-Tier BMPs.
5. Loan Sponsor shall use all principal repayments received on Second-Tier loans to repay the loan made to it under this Agreement.
6. Loan Sponsor shall use any interest earned on principal repayments received under this Agreement and any interest or application fee or origination fee received from persons who receive Second-Tier loans for the following:
 - (a) to pay its documented administrative costs for implementation of the project
 - (b) to defray the costs of delinquencies or defaults on Second-Tier loans or Second-Tier workplan Activities
 - (c) for implementation of any additional approved *Project workplan* activities approved by the MPCA under this Agreement
7. If Loan Sponsor elects to subcontract with one or more financial institutions or other administrators, including Project Sponsor, for the purpose of administering its Second-Tier program, Loan Sponsor shall:
 - (a) comply with all applicable State laws and rules in its selection of subcontractors
 - (b) include in its subcontract terms that: (1) assure the financial institution or other administrators comply with the requirements of this Agreement; (2) make the MPCA a third party beneficiary of its subcontract; and (3) give the MPCA the right to enforce or otherwise seek remedies under the subcontract
 - (c) provide for MPCA review a copy of the subcontract, including a breakdown of compensation to be received by the subcontractor, prior to the execution of the subcontract
 - (d) provide the MPCA with an executed copy of each subcontract within 30 days of the execution of such subcontract
 - (e) retain the right to assign to the MPCA, in regard to performance of this Agreement, the subcontract and any or all rights pursuant thereto
 - (f) be responsible for the satisfactory and timely completion of all work required under each subcontract
 - (g) be responsible for payment of subcontractors
8. *Loan Sponsor* is obligated to repay this loan in full regardless of the existence of default or delinquency of a Second-Tier loan.

L. General duties, responsibilities, and limitations on conduct of joint project sponsor and loan sponsor duties

1. **Designation of Project Representatives.** Loan Sponsor and Project Sponsor shall each, by resolution of its governing authority, appoint a Project Representative. The Project Representatives shall have the authority to represent them in all matters which, according to the conditions of this Agreement, do not specifically require action by the same parties who executed this Agreement or their successors in office. The MPCA shall consider correspondence from and action on the part of the Project Representatives as representations and actions taken by Loan Sponsor or Project Sponsor. Loan Sponsor and Project Sponsor shall each forward to the MPCA upon execution of this Agreement a certified resolution appointing its Project Representative.
2. **Antitrust.** Loan Sponsor and Project Sponsor hereby assign to the State any and all claims for overcharges as to goods and/or services provided in connection with this Agreement resulting from antitrust violations that arise under the antitrust laws of the United States and the antitrust laws of the State.
3. **Government Data Practices Act.** Loan Sponsor and Project Sponsor and State must comply with the Minnesota Government Data Practices Act, Minn Stat. ch. 13, as it applies to all data provided by the State under this Agreement, and as it applies to all data created, collected, received, stored, used, maintained, or disseminated by the Loan Sponsor and Project Sponsor under this Agreement. The civil remedies of Minn. Stat. § 13.08 apply to the release of the data referred to in this Part by either the Loan Sponsor, the Project Sponsor or the State.
4. If the Loan Sponsor and Project Sponsor receives a request to release the data referred to it in this part, the Loan Sponsor and Project Sponsor must immediately notify the State. The State will give the Loan Sponsor and Project Sponsor instructions concerning the release of the data to the requesting party before the data is released.
5. **Workers' Compensation.** Loan Sponsor, and Project Sponsor certifies that it is in compliance with Minn Stat. § 176.181, subd. 2, pertaining to workers' compensation insurance coverage. Loan Sponsor and Project Sponsor employees and agents will not be considered State employees. Any claims that may arise under the Minnesota Workers' Compensation Act on behalf of these employees and any claims made by any third party as a consequence of any act or omission on the part of these employees are in no way the State's obligation or responsibility.
6. **Americans with Disabilities Act (ADA) Compliance.** In fulfilling the duties and responsibilities of the Agreement, Project Sponsor and Loan Sponsor shall comply with the requirements of P.L. 101-336, Americans with Disabilities Act of 1990, 42 U.S.C. Section 12101, et seq., and regulations promulgated pursuant to it.
7. **Exclusive use of project funds.** The Loan Sponsor and Project Sponsor shall use all MPCA funds disbursed to it under this Agreement exclusively for the purposes described in this Agreement.

8. Loan Sponsor and Project Sponsor accept and agree to comply with all terms, provisions, conditions and commitments of this Agreement, including all incorporated documents, and to fulfill all assurances, declarations, representations and commitments made by Project Sponsor in its application, accompanying documents and communications filed in support of its request for a loan.
9. Loan Sponsor and Project Sponsor certify that, before any funds provided under this Agreement are disbursed to subcontractors, the terms of the subcontracts will be consistent with the terms of this Agreement.

M. Reports, record maintenance, and audit requirements

1. Reports. Project Sponsor shall make reports as provided in Minn. R. ch. 7076 as it may be amended.
2. Records maintenance. Loan Sponsor and Project Sponsor, subcontractors, and contributing administrators with whom Loan Sponsor enters into agreements to perform any or all of the work required under the terms of this Agreement, shall maintain complete and accurate books, records, and documents according to Generally Accepted Government Accounting Standards (GAGAS). Such books, records, documents, and accounting procedures shall fully disclose the amount and disposition of all loan funds disbursed under this Agreement. Such records shall also account for: disposition of project expenditures; property purchased; program income; documentation of compliance with applicable statutes, regulations, and the conditions of this Agreement. Such records shall be available to authorized representatives of the State, including, but not limited to, the State contracting department and the legislative auditor, for examination and audit and shall be maintained for a minimum of six (6) years after termination of this Agreement. If, during the period when this Agreement is effective or within six (6) years thereafter, Loan Sponsor or Project Sponsor has an independent audit conducted which includes or addresses the activities of this Agreement, a copy of the audit shall be provided to the MPCA.
3. Fiscal controls. Loan Sponsor and Project Sponsor shall establish fiscal controls and accounting procedures that are sufficient to assure proper accounting for payments received, disbursements made and balances at the beginning and end of the accounting period. Loan Sponsor and Project Sponsor shall use accounting, audit and fiscal procedures conforming to GAGAS as these are promulgated by the Governmental Accounting Standards Board. Generally accepted auditing standards are usually defined as, but not limited to, those contained in the U.S. General Accounting Office (GAO) publication "Government Auditing Standards." All accounts shall be established and maintained as separate accounts. Loan Sponsor and Project Sponsor shall expressly require all subcontractors to comply with the provisions of this Section.
4. Single audit. Loan Sponsor and any subrecipient shall be responsible for obtaining audits in accordance with the Single Audit Act of 1984 (31 U.S.C. Sec. 7501-7507); the Single Audit Act Amendments of 1996 (P.L. 104-156); and Federal Agency implementation regulations, including 40 CFR Sec. 31.26. The audits shall be made by an independent auditor in accordance with GAGAS covering financial and compliance audits. Loan Sponsor agrees that the State, the Legislative Auditor, the State Auditor and any independent auditor designated by the State shall have such access to their records and financial statements as may be necessary for them to comply with the Single Audit Act of 1984, as amended, and the most recent revisions of Office of Management and Budget (OMB) Circulars A-128, A-110 or A-133, as applicable. Required audit reports must be filed with the Office of State Auditor, Single Audit Division, and state agencies providing federal assistance within six months of Loan Sponsor or subrecipient's fiscal year end. If a federal cognizant audit agency has been assigned, copies of required audit reports shall be filed with that agency also. Loan Sponsor and Project Sponsor shall require all subrecipients to comply with the provisions of this Section.
5. Audit. Upon request of the MPCA, Loan Sponsor shall provide an independent audit of one or more fiscal years during which Loan Sponsor received and disbursed financial assistance provided to Loan Sponsor according to the conditions of this Agreement for a minimum of six (6) years from the end of this Agreement.

N. General conditions of agreement

1. Liability. The MPCA shall not be held liable for any payment for damages or other relief associated with the implementation of the *Project workplan* or arising under contracts entered into by Loan Sponsor or Project Sponsor with third parties. Loan Sponsor and Project Sponsor must indemnify, save and hold the State, its agents, and employees, harmless from any claims or causes of action, including attorneys' fees incurred by the State, arising from the performance of this Agreement by Loan Sponsor or Project Sponsor or their agents, employees or subcontractors. This clause will not be construed to bar any legal remedies the Loan Sponsor or Project Sponsor may have for the State's failure to fulfill its obligations under this Agreement.
2. Environmental Review requirements for Individual Sewage Treatment System (ISTS) replacement or upgrade activities. When the implementation of project activities, as designated in the approved *Project workplan* as amended, includes the upgrade or replacement of ISTS as identified in Minn. R. ch. 7080, an Environmental Review shall be undertaken according to the provisions of Minn. R. ch. 4410. Project Sponsor may seek a categorical exclusion from this requirement under 40 CFR part 35.3140 as provided in (a) or (b) below:
 - (a) Project Sponsor must complete the "Checklist for categorical exclusion from environmental review" and return it to the MPCA. After review of this checklist, the MPCA will determine the project's eligibility for exclusion from further environmental review. If it is determined that the Project does not need further environmental review, a public notice of the determination of a categorical exclusion, in a format provided by the MPCA, must be executed by Project Sponsor. The public notice of categorical exclusion must allow for a minimum of two weeks public comment period, with comments being directed to the MPCA. Project Sponsor must provide the MPCA with proof of that notice.

- (b) If the Project does not meet the checklist requirements in (a), the MPCA will send a letter of determination and instructions for further environmental review. If the MPCA determines that further environmental review is necessary, the Project must comply with those requirements before construction can begin. A copy of all information regarding this process will be kept on file at the MPCA for review by the U.S. Environmental Protection Agency.
3. Amendments. Any amendments or modifications to this Agreement must be in writing and will not be effective until it has been executed by the same parties who executed and approved the original Agreement, or their successors in office. Loan Sponsor and Project Sponsor may undertake minor modifications of the approved *Project workplan* with prior written approval of the MPCA Commissioner. No changes to the tasks, schedules, eligible expenditures, or any other provision in the approved *Project workplan* may be made without the written consent of the MPCA.
 4. State remedies. If there has been a failure to comply with the provisions of this Agreement, the MPCA may exercise any remedies available at law or in equity.
 5. Non-discrimination. During the performance of this Agreement, neither Loan Sponsor nor Project Sponsor shall, because of age, sexual preference, political affiliation, race, color, creed, religion, national origin, sex, marital status, or status with regard to public assistance or disability: (a) discriminate against any person with respect to hire, tenure, compensation, terms of employment, upgrading of employment, facilities, privileges or conditions of employment; (b) refuse to hire persons seeking employment; (c) discharge an employee; or (d) otherwise exclude any person from access to or participation in this Clean Water Partnership loan. The Loan Sponsor and Project Sponsor shall not contract with subcontractors who are not in compliance with the provisions of this Section.
 6. Governing law, jurisdiction, and venue. Minnesota law, without regard to its choice-of law provisions, governs this Agreement. Venue for all legal proceedings arising out of this Agreement, or its breach, must be in the appropriate state or federal court with competent jurisdiction in Ramsey County, Minnesota.
 7. Severability. If a provision of this Agreement shall be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality or unenforceability shall not affect any other provision of this Agreement.
 8. Effective date. This Agreement shall be effective on the date that the final required signature is obtained by the State, pursuant to Minn. Stat. § 16C.05, subd. 2.
 9. Termination. Except as provided in Part I.4. of this Agreement, this Agreement shall terminate when the MPCA has determined in writing that Loan Sponsor has fully repaid and retired the loan provided to Loan Sponsor according to the terms and conditions of this Agreement.

The State, Loan Sponsor, and Project Sponsor acknowledge their consent to this Agreement and agree to be bound by its terms through their signatures entered below:

SIGNATURE AND NONLITIGATION CERTIFICATE

_____, 2019

We, the undersigned, being the duly qualified officers as shown beneath our signatures herewith, hereby certify and recite as follows:

As of the date stated hereafter and in accordance with the directions of the Board of Directors of the Vadnais Lake Area Watershed Management Organization (the “Issuer”), we have caused the proper manual signatures to be affixed to each of the obligations hereafter described (the “Note”).

Name of Issue: Taxable Storm Water Revenue Note, Series 2019

Date of Original Issue: Dated as of date of delivery

Amount of Issue: \$400,000

Denomination: \$400,000

Interest Rate or Rates: 0.00%

First Payment Date: December 15, 2022

Principal and Interest Payment Dates: June 15 and December 15 in accordance with Attachment 2 to the Project Loan Agreement.

We further certify that no obligations have been prepared, executed or issued pursuant to such authority except as above stated and that no litigation is now pending or threatened questioning the organization of the Issuer or the right, power and authority of its officers to execute and deliver said obligations, or in any manner questioning the validity of the Note.

We further certify the signatures shown below are the duly authorized signatures of the Chair and Administrator of the Issuer.

WITNESS the undersigned officers have executed this Signature and Nonlitigation Certificate as of the date and year first above written.

**VADNAIS LAKE AREA WATERSHED
MANAGEMENT ORGANIZATION**

Organization
800 County Road E
Vadnais Heights, MN 55127

Minnesota Pollution Control Agency
520 Lafayette Road North
St. Paul, MN 55155-4194

Ladies and Gentlemen:

This opinion is submitted in connection with the loan from the Minnesota Pollution Control Agency (the “MPCA”) to Vadnais Lake Area Watershed Management Organization (the “VLAWMO”), pursuant to the MPCA’s Clean Water Partnership Loan Program. The loan is being made pursuant to the Project Implementation Loan Agreement, dated _____, 2019 (the “Project Loan Agreement”), between the MPCA and VLAWMO, and is evidenced by VLAWMO’s Taxable Storm Sewer Revenue Note, Series 2019 (the “Note”), issued in the original aggregate principal amount of \$400,000. We have acted as bond counsel to VLAWMO in connection with the issuance of the Note.

As to questions of fact material to our opinion, we have relied upon the certified proceedings and other certifications of public officials furnished to us without undertaking to verify the same by independent investigation. We have examined executed counterparts of the Project Loan Agreement and Note and a certified copy of the resolution of the Board of Directors of VLAWMO approving and authorizing execution and delivery thereof by VLAWMO (the “Resolution”).

Based upon such examination, and assuming the authenticity of all documents submitted to us as originals, the conformity to original documents of all documents submitted to us as certified or photostatic copies and the authenticity of the originals of such documents, and the accuracy of the statements of fact contained in such documents, and based upon present Minnesota and federal laws (which excludes any pending legislation which may have a retroactive effect on or before the date hereof), regulations, rulings and decisions it is our opinion that:

1. The Resolution was duly adopted at a meeting of the governing body of VLAWMO which was called and held pursuant to law and at which a quorum was present and acting throughout.

2. The Project Loan Agreement and the Note have been duly authorized, executed and delivered and, assuming with respect to the Project Loan Agreement the due authorization, execution and delivery thereof by the MPCA, constitute binding and enforceable agreements of VLAWMO in accordance with their terms except to the extent limited by state and federal laws, rulings, decisions, and principles of equity affecting remedies and by bankruptcy, reorganization and other laws of general application relating to or affecting enforcement of creditors’ rights.

3. The Note is a valid and binding special revenue obligation of VLAWMO and is payable from the net revenues of VLAWMO’s storm water system; provided that the enforceability (but not the validity) of the Note is subject to the exercise of judicial discretion in accordance with general principles of equity, to the constitutional powers of the United States of America and to bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors’ rights heretofore or hereafter enacted.

5. We express no opinion as to the status of the interest on the Note for federal or state income tax purposes.

Very truly yours,

KENNEDY & GRAVEN, CHARTERED

Re: V. B. Goose Lake formal recommendation to the City of White Bear Lake

VLWAMO submitted the proposal for grant funding to conduct an alum treatment in Goose Lake following the August Board meeting. Results are expected from the Board of Water and Soil Resources in Jan.

To support the maximum efficacy of the alum treatment, the VLAWMO formal recommendation to prohibit motorized boating for the duration of the alum treatment on East Goose Lake was submitted to the White Bear Lake City Council. That was presented as a Discussion item during the Oct. 8 Council meeting. An ordinance was drafted by the City that will be presented to the Council during the Oct. 22 meeting. VLAWMO will give a short presentation to the Council during that meeting. There will also be public comment. There is vocal opposition from recreational boaters.

Opposition and recommendations from VLAWMO will be considered by the Council. If a resolution moves forward, that needs to be submitted to MN DNR for review and a hearing. MN DNR would like to receive a draft ordinance that the City plans to move forward to begin their review and hearing process.

Re: **V.C.1. Vadnais-Sucker Park RFP**

RFP's (request for proposals) were sent to 7 consulting/delineation firms. Two firms did not respond, one firm responded stating they were going to pass on submitting a proposal, four firms' submitted proposals. Proposals ranged from \$16,000 to \$74,950 to complete tasks outlined in the RFP for the Vadnais/Sucker wetland assessment. Most major wetlands within VLAWMO were delineated and ranked in the first wetland assessment in 1997. Phase I of the Wetland Assessment update is the Vadnais/Sucker subwatershed. RFP included a level 2 delineation of all wetlands, MNRAM (Minnesota routine assessment method) categorization of those wetlands, GIS (Geographic Information System) files of boundaries, wetland types, reference wetland locations, rare/endangered vegetation communities and areas for potential wetland restoration. Deliverables will include the GIS files and a report with descriptions and datasheets for all identified wetlands within Phase I. Project will start spring of 2020 and completion fall 2020. **Staff and TEC recommends the Board enter into contract with the lowest reasonable bidder for Vadnais/Sucker Wetland Assessment Phase I. That bidder is S.E.H (Short, Elliott, Hendrickson) at a cost of \$16,000.**

Re: **V. C. 2. & 3. Wetlands**

2. Conservation Partners Legacy Grant Proposal:

Restoration at 4th and Otter Lake Road is underway and progressing well. Staff are looking at next steps to prepare the site for optimal function of the enhanced-sand-iron filter. That involves reestablishing understory plants with a focus on native ground cover. We are working with the City of White Bear Lake and MN DNR on a reseeding proposal for a Conservation Partners Legacy (CPL) grant for a total of \$8636 (Shady woodland seed mix). That would include a 10% local match if awarded.

Staff and TEC request authorization from the Board to submit the CPL proposal (Due Nov. 18).

3. Otter Project Equipment Request:

Staff propose purchasing radio telemetry equipment to begin prepping for the otter project, including testing the transmitter and receiver in different locations in the watershed to better understand strength of the signal and optimal receiver strategies. Equipment cost for telemetry portion of the project is: \$1815.

That includes:

\$695 Radio-telemetry receiver

\$960 Implant transmitters: (5 total; 2 purchased initially and only purchasing additional transmitters if and when needed)
\$960 is the total; \$384 to be used at this time)

\$160 Antenna

The MN Zoo proposal is in (\$5,000) and will be considered following the Zoo Committee's Oct. 15 meeting. VLAWMO should receive notification sometime in Nov./Dec. The MN Zoo funding includes live-trapping time for a local expert with experience trapping otters and working in the watershed. It also includes veterinary time and equipment for disease and heavy-metal sampling/analysis and conducting surgeries to implant transmitters.

MN Zoo requested increased opportunity to involvement in the project for their staff. The Zoo is especially excited by the local, urban focus and a direct opportunity to participate in telemetry and wetland/priority habitat identification.

The Fisheries, Wildlife, and Conservation Biology Club is also interested in being involved and plans to submit a proposal during spring semester to fund ~\$2,500 of related veterinary equipment. Students and Zoo staff would like to be closely involved in the project.

Scat sampling for parasite load has been initiated working with the Veterinary Diagnostic Lab at UMN. Sample-collection supplies and protocol are in place. Samples will be collected over the coming months with target collection in fall and spring. Cold winter temperatures are not conducive to analysis because parasites and eggs are likely to be damaged, which would inhibit detectability and identification.

Staff and TEC recommends purchasing telemetry equipment and testing over the winter. Staff proposes an expense of \$1239 now, and the remaining \$576 if and when additional transmitters are needed (fall 2021 would be the earliest additional transmitters might be needed).
