RE: Wilkinson Lake Deep-Water Wetland Restoration

Dear Mr. Belfiori,

This letter is to inform you that North Oaks Company (NOC) has reviewed the plans and specifications received May 1, 2023, and as needed to move forward with the Wilkinson Lake Deep-Water Wetland Restoration Project. As the property owner and cost-share partner on this important project, the NOC approves of these plans and specifications.

We look forward to seeing this project move towards completion as well as to future collaboration with VLAWMO on other relevant projects to improve Wilkinson Lake and other water bodies in the North Oaks community.

Sincerely,

A handwritten signature in black ink, appearing to read "Mark Houge", is written over a light blue horizontal line.

Mark Houge
